The Fallen World: The Complete Series

Chosen. Cursed. Enslaved. Fae just wants to live day to day. She doesn't want to think about a future filled with another two thousand years of servitude. She doesn't want to think about her past, or the way she failed the goddess she swore to serve forever. And she really doesn't want to think about the men and women that suffer around her every day while she can't protect them ? no matter how hard she tries. She's definitely not ready when her entire world is turned upside down and the one person she would never choose to spend a minute with shows up. After millennia of suffering, is it even possible to trust someone? To let herself believe that good still exists? Damned. Cursed. Corrupted. Kiernan doesn't know what he wants. After centuries of bloodshed, and war, and killing ? he's waking up, and if the things he dreams in his sleep were only nightmares that would be one thing, but they're all real. The only light in

his darkness is a girl inside a glass, and he can't stop watching her. Her bravery fascinates him, inspires him. Her suffering is what he deserves. Yet some part of him craves more, craves something good. But is there anything that can be done when gods have used you as pawns in their own war? Can good things come out of evil?

over France's once grand capital. Once the most powerful and formidable, House Silverspires now lies in disarray. Within its walls, three very different people must come together: a naive but powerful Fallen angel; an alchemist with a self-destructive addiction; and a resentful young man wielding spells of unknown origin. They may be Silverspires' salvation--or the architects of its last, irreversible fall. And if Silverspires falls, so may the city itself.

She's stubborn and determined to seek justice—and her freedom—on Earth but her mates are not willing to risk her life or her future on a system they believe to be both primitive and corrupt. Maxim of Prillon Prime fought ten long years in the Hive wars. Captured and tortured with his second, Ryston, they escaped only to be rejected by their own people and condemned to life on the Colony with the other "contaminated" cyborg warriors. As leader of Sector 3, it's Maxim's duty to set an example for his warriors and summon a bride. When she refuses transport, he can't allow her rejection to demoralize an entire planet of battle hardened but jaded warriors. Maxim and Ryston transport to Earth where they decide she's theirs and a maximum security human prison will not keep them apart. Getting Rachel to the Colony is only the first challenge they will face. Convincing their beautiful mate to surrender to not one, but two dominant warriors is another. Even if they can win her love, a new evil is rising on the Colony and someone close to Maxim will be its first victim. Maxim will be its second, unless Rachel's love and relentless pursuit of the truth proves strong enough to save him. If you love romance in the style of Nalini Singh, Christine Feehan, J.R. The Queen's Wing

America's criminal justice system reflects irrational fears stoked by politicians seeking to win election. Pointing to specific policies that are morally problematic and have failed to end the cycle of recidivism, Rachel Barkow argues that reform guided by evidence, not politics and emotions, will reduce crime and reverse mass incarceration.

Ahab's Daughter

In this enchanting meditation on ruins, Christopher Woodward takes us on a thousand-year journey from the plains of Troy to the monuments of ancient Rome, from the crumbling palaces of Sicily, Cuba, and Zanzibar to the rubble of the London Blitz. With an exquisite sense of romantic melancholy, we encounter the teenage Byron in the moldering Newstead Abbey, Flaubert watching the buzzards on the pyramids, Henry James in the Colosseum, and Freud at Pompeii. We travel the Appian Way with Dickens and behold the Baths of Caracalla with Shelley. An exhilarating tour, at once elegant and stimulating, *In Ruins* casts an exalting spell as it explores the bewitching power of architectural remains and their persistent hold on the imagination.

Court of Ruins

For as long as I can remember, I've had to hide who I am. What I am. They had me play the sheep. They had me blend in. They marked me and sealed my power. Now I have my freedom, because everyone who's ever wanted me confined is dead. I could have changed it. I could have altered the course of fate. I could have saved the unseelie queen. I didn't. Vlari has always known her place: as far away from court as the unseelie queen can send her. The youngest royal, born in an impoverished household, she endeavored to earn her keep as an assistant and stay out of trouble. Dark, striking, and with a hidden agenda, Drusk definitely qualifies as trouble, but he refuses to leave her alone, clashing with her at every corner. Then the world implodes around her. With friends and foe by her side, she can fade with rest of the unseelie kingdom, or protect a court that has never cared for her. Disclaimer: Unlike many of May Sage's novels, Wicked Court is written in first person. Wicked Court is the first volume in a duet.

A Court of Thorns and Roses

From the moment it opens—on a rocky patch of Italian coastline, circa 1962, when a daydreaming young innkeeper looks out over the water and spies a mysterious woman approaching him on a boat—Jess Walter's *Beautiful Ruins* is a dazzling, yet deeply human, roller coaster of a novel. From the lavish set of Cleopatra to the shabby revelry of the Edinburgh Fringe Festival, to the back lots of contemporary Hollywood, *Beautiful Ruins* is gloriously inventive and constantly surprising—a story of flawed yet fascinating people navigating the rocky shores of their lives while clinging to their improbable dreams.

A Farewell to Arms, Legs, and Jockstraps

Angkor, the temple and palace complex of the ancient Khmer capital in Cambodia is one of the world's most famous monuments. Hundreds of thousands of tourists from all over the globe visit Angkor Park, one of the finest UNESCO World Heritage Sites, every year. Since its UNESCO listing in 1992, the Angkor region has experienced an overwhelming mushrooming of hotels and restaurants; the infrastructure has been hardly able to cope with the rapid growth of mass tourism and its needs. This applies to the access and use of monument sites as well. The authors of this book critically describe and analyse the heritage nomination processes in Cambodia, especially in the case of Angkor and the temple of Preah Vihear on the Cambodian/Thai border. They examine the implications the UNESCO listings have had with regard to the management of Angkor Park and its inhabitants on the one hand, and to the Cambodian/Thai relationships on the other. Furthermore, they address issues of development through tourism that UNESCO has recognised as a welcome side-effect of heritage listings. They raise the question whether development through tourism deepens already existing inequalities rather than contributing to the promotion of the poor.
