USA TODAY BESTSELLER The Vampire Diaries with faeries. Welcome to Rowan Founded two centuries ago by a powerful tribe of Gottwa Indians, Rowan was a quiet town, so quiet that I fled after graduation. Staying away was the plan, but Mom died suddenly. Dad said she suffered a stroke after she dug up one of the ancient graves in our backyard, which happens to be the town cemetery. Creepy, I know. Creepier still, there was no corpse inside the old coffin, only fresh rose petals. As we made preparations for Mom's burial, new people began arriving in Rowan, unnervingly handsome and odd people. I begged them to leave, but they stayed, because their enemies "my ancestors" were beginning to awaken. Fans of Karen Marie Moning, Bella Forrest, and Stephenie Meyer will adore Wildenstein's new Faerie-tale series.

The Expansion of Christianity in the First Three Centuries, 2 Volumes

In the future, the world is at war. For the last decade, King Lazuli of the Eastern Empire has systematically taken over the world. No one knows much about him other than a series of impossible facts: he cannot die, he has not aged since the conflict began, and he wants to rule the world. All Serenity Freeman has known is bloodshed. War has taken away her mother, her home, her safety. As the future emissary of the Western United Nations, the last autonomous region of the globe, she is responsible for forging alliances where she can. Surrender is on the horizon. The king can taste it; Serenity feels it deep within her bones. There is no other option. Now the two must come face to face. For Serenity, that means confronting the man who's taken everything from her. For the king, it means meeting the one woman he can't conquer. But when they meet, something happens. Cruelty finds redemption. Only in war, everything comes with a price. Especially

love.

Confusion de Confusiones [1688]

Born in shame and cast out from society, shape shifter Forest must fight for any respect she can get. Abandoning the prejudice of Regia, her native world, Forest takes a job on Earth guarding the portal and using her skills as a warrior to enforce Regia's laws. Now called home for a mission, Forest must put aside her own prejudice to transport the vampire prince, Syrus, through enemy territory in a time of war. Prince Syrus, mage and master of the Blood Kata, wants Forest more than he's ever wanted anything. In spite of their mutual mistrust, their attraction cannot be denied but it does not matter what they feel because any relationship between them is forbidden.

The Twisted Tree

We were meant to be seductive. We were designed to lure humans in. Fortuna Sworn is the last of her kind. Her brother disappeared two years ago, leaving her with no family or species to speak of. She hides among humans, spending her days working at a bar and her nights searching for him. The bleak pattern goes on and on until she catches the eye of a powerful faerie. He makes no attempt to hide that he desires Fortuna. And in exchange for her, he offers something irresistible. So Fortuna reluctantly leaves her safe existence behind to step back into a world of creatures and power. It soon becomes clear that she may not have bargained with her heart, but her very life.

Slave Ship

Witchcraft and magic are topics of enduring interest for many reasons. The main one lies in their extraordinary interdisciplinarity: anthropologists, folklorists, historians, and more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm, death, or misfortune, while magic also belongs to the field of supernatural, or at least esoteric knowledge, but can be used to less dangerous effects (e.g., divination and astrology). In Western civilization, however, the witch hunt has set a very peculiar perspective in which diabolical witchcraft, the invention of the Sabbat, the persecution of many thousands of (mostly) female and (sometimes) male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of Religions dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe (England, Germany, Hungary, and Italy) between Late Medieval and Modern times in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current "cumulative concept of Western witchcraft" that rules out all mono-causality theories, investigating a plurality of causes.

Reign & Ruin

"I cannot.. I will not recant! Here I stand." This authoritative and inspiring story paints a vivid portrait of the crusader who spearheaded the Reformation. Considered one of the most readable biographies of Martin Luther, this volume is an illustrated look at the German religious reformer and his influence on Western civilization. Martin Luther entered a monastery as a youth and as a man shattered the structure of the medieval church. Luther spoke out against the corrupt religious practices that then existed. His demand that the authority for doctrine and practice be Scriptures, rather than Popes or Councils, echoed around the world and ignited the Great Reformation. Accused of heresy and threatened with excommunication and death, Luther maintained his bold stand and refused to recant. In his crusade to eliminate religious abuses, he did more than any other man to establish the Protestant faith. With sound historical scholarship and penetrating insight, Roland Bainton examines Luther's widespread influence. He re-creates the spiritual setting of the sixteenth century, showing Luther's place within it and influence upon it. Richly illustrated with more than 100 woodcuts and engravings from Luther's own time, Here I Stand dramatically brings to life Martin Luther, the great reformer. Bainton published Here I Stand: A Life of Martin Luther in 1950. As of 2008, it is still in print. Kenneth Scott

Latourette, in the chapter notes for "Luther and the Rise and Spread of Lutheranism" in his History of Christianity, lauds Bainton's biography of Luther as "A superb combination of accurate scholarship based upon a thorough knowledge of the sources and secondary works with insight, vivid, readable literary style, and reproductions of contemporary illustrations. It also contains so valuable a bibliography as to render needless an extended one in this chapter." In his chapter on Luther's writings in Invitation to the Classics, Mark A. Noll singles out Bainton's biography: "Of the many superlative treatments, a half-century old study by Roland Bainton, Here I Stand: A Life of Martin Luther, has justly won a reputation as a classic work on a classic subject."

Some Quiet Place

In the great city of Buda, Hungary, I have sought to establish myself as a member of the new vampire court, and create a family with my love, Ignatius, and my fledgling vampire daughter, Laura. Yet, I am constantly menaced by unknown forces, and the threat of my blood union to Vlad Dracula looms over me. ? Though I am no longer his prisoner, Vlad Dracula's voice echoes in the recesses of my mind. His blood binds us together in a twisted matrimony in spite of the deep hatred for him that burns within my soul. I yearn to be free from this darkest of magic for I fear that he will return one night, and I will not be able to resist the call of his blood.

The Works of Horace

This work is a complete English translation of the Latin Etymologies of Isidore, Bishop of Seville (c.560-636). Isidore compiled the work between c.615 and the early 630s and it takes the form of an encyclopedia, arranged by subject matter. It contains much lore of the late classical world beginning with the Seven Liberal Arts, including Rhetoric, and touches on thousands of topics ranging from the names of God, the terminology of the Law, the technologies of fabrics, ships

and agriculture to the names of cities and rivers, the theatrical arts, and cooking utensils. Isidore provides etymologies for most of the terms he explains, finding in the causes of words the underlying key to their meaning. This book offers a highly readable translation of the twenty books of the Etymologies, one of the most widely known texts for a thousand years from Isidore's time.

The Song Rising

The emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

The Dawn Chorus

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

Fortuna Sworn

The Psychopath

Discusses Christian-based fears surrounding sin, death, and the soul's immortality, from the thirteenth to the eighteenth centuries

Dark Soul

Russian literature between 1750 and the romantic age presents a confusing picture. Various literary movements arose and existed side by side, while new trends made themselves felt. At no other time in the history of Russian literature was there a similar influx of widely disparate literary and intellectual influences from the West. The complex evolution of literature is reflected in the area of literary classification. Period terms have been used in great variety, yet without general agreement as to the extent, or even the nature of the trends described. The essays of this study are devoted to two major literary trends of the 18th and early 19th century, -sentimentalism and preromanticism. They aim to elucidate their evolution as well as at defining and describing the conceptual framework on which they

rest. Since the 18th century did not draw a sharp line between translated and original literature, both have been included here. Literary, philosophical, and general cultural influences from the West were of considerable importance for Russian literature. The concepts, motifs and themes which reached Russian writers in translations moulded their own original works. The 18th century witnessed the formation of an adequate literary language which culminated in Kararnzin's style. The distinction of two stages in the development of sentimentalism as suggested here and the differentiation between both of them and a third literary trend, preromanticism, is an attempt to reflect adequately the rapid change in stylistic and poetic norms.

Towards the Romantic Age

This book is the first that describes the practices of any stock exchange; it makes evident a high development of practices, with puts, calls, pools, and manipulations; and it appeared as early as the seventeenth century. Not inappropriately the stock exchange described is that of Amsterdam, a city which at the date of the volume's publication -1688 - was still the leading financial center of the world. The book, to be sure, is hardly a systematic account of the institution; the author pursued moral, philosophical, and rhetorical objectives, and, while saying a lot that seems now to be of little value, manages somehow to leave unsaid a great deal that would be of interest for us. Nevertheless, it represents, even in its peculiar form, a really important source of information about the stock exchange, and indeed about the Dutch business world of that period.
