Tamala Lumpkin was baptized in the early years of being an adolescent, but recently re-dedicated her life to Christ in 2007. She has always been active in ministry, using her gifts of the arts through liturgical dance, mime, stepping, acting, and singing. After being delivered from an abusive relationship and depression, she has a passion for the deliverance and healing of the hurting souls, but a heart for young children and has been teaching in Early Childhood Education since 2001. She is a firm believer that laughter is good for the soul and can heal a hurting and broken spirit (Proverbs 17:22), so she enjoys having the gift of making people laugh. She has been encouraging family and friends throughout the years with inspiration messages and has decided to bring that same type of inspiration to the world. She is now the author and creator of a line of books and resources, for adults and young children, which deal with painful issues that we face today, but are afraid to talk about. It is her prayer that her books lead people, children and adults, to Christ and total healing.

The Living Age

Why is there suffering? What does God really think of me? And why does He make me work so hard? We all have questions about God. He does some things we don't understand. He does things we don't like. He sometimes even does things that, quite honestly, annoy us. Why does He do what He does? Doesn't He know that we need answers? If we could just figure Him out, life--as well as faith--would be so much easier. But life and faith aren't easy, are they? Evil invades our world. Bad things happen all around us. People die every day for the mere lack of food and water. And in

the midst of it all, we're asked by God to believe in an absolutely unbelievable story. *Dear God, We Need to Talk* helps you explore your toughest questions about God. Tackling everything from family issues to God's sovereignty Darren Schalk considers what he's been taught, applies it to everyday events you can relate to, and then filters it all through a modern but biblical worldview in a delightfully witty and honest way. Leaving you, in the end, with more confidence in God's power, His wisdom and His direction for your life.

Dear God

This book aims to reinvigorate discussions of moral arguments for God's existence. To open this debate, Baggett and Walls argue that God's love and moral goodness are perfect, without defect, necessary, and recognizable. After integrating insights from the literature of both moral apologetics and theistic ethics, they defend

theistic ethics against a variety of objections and, in so doing, bolster the case for the moral argument for God's existence. It is the intention of the authors to see this aspect of natural theology resume its rightful place of prominence, by showing how a worldview predicated on the God of both classical theism and historical Christian orthodoxy has more than adequate resources to answer the Euthyphro Dilemma, speak to the problem of evil, illumine natural law, and highlight the moral significance of the incarnation and resurrection of Christ. Ultimately, the authors argue, there is principled reason to believe that morality itself provides excellent reasons to look for a transcendent source of its authority and reality, and a source that is more than an abstract principle.

Dear God, I'm Ticked Off

"Thou, Dear God" is the first and only collection of sixty-eight prayers by Martin Luther King, Jr. Arranged thematically in six parts--with prayers for spiritual guidance, special occasions, times of adversity, times of trial, uncertain times, and social justice--Baptist minister and King scholar Lewis Baldwin introduces the book and each section with short essays. Included are both personal and public prayers King recited as a seminarian, graduate student, preacher, pastor, and, finally, civil rights leader, along with a special section that reveals the biblical sources that most inspired King. Collectively they illustrate how King turned to private prayer for his own spiritual fulfillment and to public prayer as a way to move, inspire, and reaffirm a quest for peace and social justice. With a foreword by Rev. Dr. Julius R. Scruggs, it is the perfect gift for people and leaders of all faiths, and an invaluable resource for spiritual individuals and those who lead worship.

I was involved in organized crime from an early age. I was addicted to meth and running chemicals and met for meth manufacturing crime rings. I've been in and out of prison before I was federally indicted for conspiracy to manufacture and distribute meth. I became a fugitive on the run from feds while out on bond and running until I had nothing left, not even my will to live. It felt like the only thing keeping me alive was the subconscious decision my body made for me to continue to keep taking each next breath. I prayed for a way out and God listened and answered the same day. My life changed in a matter of seconds.

There is always a struggle between living and living right. There is a need to forgive and be forgiven. There is the urge to thank God and then question him. There is the unclear path that brings despair. Dear God Save Me is a group of letters to God that only convey glimpses of the things that weigh on the heart as a person tries to live righteously. These letters offer God praise and thanks, questions him, begs his forgiveness, and suggests doubt. The author, Nicole Lake Watson, admits that the paths she has taken haven't always been best. Instead of giving up, she asks God for strength and safety while offering encouragement to others. Dear God Save Me has been her start to peace and it can be yours.

God is Saying: "Do you Trust Me?" It is hard enough learning to trust people-imagine what it is like learning to trust God.

Cultivating an intimate relationship with the invisible God requires nothing short of a lifestyle change. How would you react if you heard God speak to you, saw Him move mountains on your behalf, and walk with you through what you understood to be unattainable? Hmm? I believe you would change how you walk, talk, and think. I learned this and more as I became friends with the sovereign God, my Heavenly Father. As I walked with God, I learned something that no Sunday school class could teach me. I learned that I can't do life without Him. I urge you to join me on this journey - in fact, I challenge you if you're up to it or even if you want to prove a point. Either way, I know you won't be disappointed.

Good God

This is the second book in the "Dear God" series in which author, Patti Armstrong, addresses questions that young children face when prayers aren't answered in a time of adversity - and more importantly, the timeless question of: "Is He even listening?" Will Luke end up learning that sometimes God answers our prayers in ways we don't expect?

Dear God Save Me

For author Virginia Kiernan, February 2003 is a month, though

more than ten years past, that remains vivid in her memory. It was the month her husband, Verner Kiernan, a father of six, was deployed with the 101st Airborne Division in Fort Campbell, Kentucky, only one month before the war with Iraq began. In *Dear God, Please Keep Daddy Safe*, Virginia narrates the trials and triumphs of a year of deployment. She discusses the struggles army families face as she provides insight into the unknown world of army life in one of the nation's top units—including a deadly grenade attack on her husband's unit, the emotion of attending heart-wrenching memorial services, and the family crisis that becomes compounded with separation. A compelling true story written by a mom raising six children while her husband was deployed during the early days of Operation Iraqi Freedom, *Dear God, Please Keep Daddy Safe* chronicles the highs and lows of events both overseas and on the home front, showing that the often overlooked issues at home can sometimes be as stressful as serving in uniform.
