There may come a time when government restrictions severely limit not only access to firearms but the tools and means to repair and maintain them, or you may someday find yourself in the boondocks with a busted weapon. That's where the guerrilla gunsmith comes in. Ragnar Benson has had experience fixing "junk" guns in some tough places around the world, and here he shares some innovative ways to patch up, cobble together and otherwise make operational everything from antique rifles still found in remote war zones to modern firearms suffering from appalling abuse. Drawing on lessons and stories from backwoods experts he's worked with under desperate conditions in Africa, the Philippines, Thailand, Pakistan and beyond, Ragnar tells how to employ last-resort but effective techniques to remove hopelessly stuck rounds and other barrel obstructions, straighten bent barrels, replace lost parts, smooth out dented magazines, make repairs to some pretty hopeless stocks, scrounge up

Diagnose and repair a broad selection of popular hunting firearms in the convenience of your home workshop and save money, too. Do-It-Yourself Gun Repair is an authoritative guide to maintaining, repairing, and improving rifles, shotguns, and handguns. Many of the repairs professional gunsmiths make involve replacing broken or worn parts, and you'll learn to identify and correct these common problems quickly, safely, and easily by following the detailed instructions and illustrations of gunsmithing expert Edward A. Matunas. Matunas teaches the home gunsmith a wide variety of repairs with easy-to-understand directions and solid, step-by-step advice based on his many years of professional gunsmithing. Topics include:

- Hand and power tool suggestions for home gunsmithing
- Replacing firing pins, extractors, and ejectors
- Analyzing and correcting accuracy problems
- Top-notch information about bedding the barrel and bore
- Easy installation of scopes, mounts, sights, and recoil pads
- Repair of splits and cracks in stocks
- Avoiding common mistakes and time-consuming double work

A unique feature of this book is a section covering disassembly, repair, and reassembly of seven of the most popular firearms:

who would rather be self-reliant than rely on a super or contractor. No matter the depth of your pockets or the size of your home, a toilet will get clogged, a circuit breaker will trip, and a smoke detector will stop working. It's up to you how you'll deal with them -- live in denial, pay the piper, or get real and do it yourself. Dare to Repair demystifies these home repairs by providing information that other books leave out. In Dare to Repair, you'll learn how to: Take the plunge -- from fixing a leaky faucet to cleaning the gutters. Lighten up -- from removing a broken light bulb to installing a dimmer switch. Keep your cool -- from maintaining a refrigerator's gasket to changing the rotation of a ceiling fan. Get a handle on it -- from replacing a doorknob to repairing a broken window. Play it safe -- from planning a fire escape route to installing a smoke detector. Filled with detailed illustrations, Dare to Repair provides even the most repair-challenged woman with the ability to successfully fix things around the home. Once you start, you won't want to stop.

review) “Will win over teens.” —School Library Journal (starred review) A teen boy’s world gets turned upside-down when a zoo of exotic animals takes over his small town in this wickedly funny, heartbreakingly honest novel that’s perfect for fans of David Arnold. In Makersville, Indiana, people know all about Ronney—he’s from that mixed-race family with the dad who tried to kill himself, the pill-popping mom, and the genius kid sister. If having a family like that wasn’t bad enough, the local eccentric at the edge of town decided one night to open up all the cages of his exotic zoo—lions, cheetahs, tigers—and then shoot himself dead. Go figure. Even more proof that you can’t trust adults to do the right thing. Overnight, news crews, gun control supporters, and gun rights advocates descend on Makersville, bringing around-the-clock news coverage, rallies, and anti-rallies with them. With his parents checked out, Ronney is left tending to his sister’s mounting fears of roaming lions, stopping his best friend from going on a suburban safari, and shaking loose a lonely boy who follows Ronney wherever he goes. Can Ronney figure out a way to hold it together as all his worlds fall apart? From acclaimed author Crystal Chan comes an incisive tale of love, loyalty, and the great leaps we take to protect the people and places we love most.

"I served with Bill when he was a senior executive at the CIA where he was a rock star. You will ask yourself if this book is based on fact or fiction and maybe even prophecy. Read for enjoyment, but don't expect it to put you to sleep at night. It will stimulate you to do some serious pondering of the story line. A great read!" —Lt. Gen. (Ret.) William G. Boykin, US Army "My friend, retired CIA officer, Bill Rooney has the guts to touch a raw nerve. What's in this book could very well happen here. You and President Trump need to read it now, before it happens!" —Former NRA President and Lt. Col. (Ret.) Oliver North, US Marines
