A photographic series to reveal the unnatural nature of canned food. The foodstuffs were taken from tins, solidified and photographed.. This project set out to discuss the hidden and ignored truths in everyday life. Especially foods like meat and fish should organically go bad in a few days to a week.

### **Amazon.com: Customer reviews: Food and Femininity**

Food and Femininity is a highly readable and informative text that offers an up-to-date, contemporary analysis of the longstanding discussion of the relationship between femininity and food The book is a valuable addition to the burgeoning field of feminist food studies, particularly because Cairns and Johnston incorporate intersectional analysis throughout the text, being careful to examine the ways in which gender intersects with race/ethnicity and class to shape women's experiences

### **Amazon.com: Food and Femininity (Contemporary Food Studies**

Over the space of a few generations, women's relationship with food has changed dramatically. Yet - despite significant advances in gender equality - food and femininity remain closely connected in the public imagination as well as the emotional lives of women. While women encounter food-related pressures and pleasures as individuals, the social challenge to perform food femininities remains
