Forbidden Archeology: The Hidden History of the Human Race by Michael A. Cremo and Richard L. Thompson quickly became a best selling underground classic, with over 200,000 copies sold and translations in more than 13 languages . This massive work spawned waves of resistance and wonder amongst the scientific community, with over 900 pages of well-documented evidence suggesting that modern man did not evolve from ape man, but instead has co-existed with apes for millions of years!
