In all reality, any reasonable theories need to be fully evaluated. All the world leading archeological teams need to combine their resources, all the available information needs to be accessed and viewed together as a whole; all of the monuments need to be examined "en masse" and all the existing ancient texts from all countries need to be studied together as one, though due to the world's populations constant religious and racial bickering such a thing may never actually occur. Many of these ancient tales have always been viewed exclusively as myth and fantasy, but when these ancient 'myths' are corroborated by each other and by physical evidence and when such inexplicable evidence is in turn found to be adequately explained by the myths then it stands to logic and reason that perhaps a more detailed scrutiny may perhaps be in order. Could some of these ancient texts and scriptures actually contain complex scientific information, hidden within the narrative in the form of code or numerology as Newton and many others have believed? Is there a coming 'Armageddon?'

What happens when love destroys all? Bakari Youngblood is moving back home to Washington, DC, and his family could not be happier. But not Kameron, his brother's wife and the love of his life, with whom he shared a weekend of passion. Now that he's back and tantalizingly insistent that they continue to explore their love, Kameron is even more determined to suppress her desires for him and focus on her marriage. Although her heart belongs to Bakari, Kameron believes she and Aaron can still be happy. All of that changes when her supposedly faithful and dutiful husband comes home late one night with a flimsy excuse. Now, Kameron wonders if Aaron is having an affair and if Bakari knew all along. As she battles her heart and conscience about her feelings toward her marriage and Bakari, secrets are slowly revealed that threaten to destroy the picture-perfect Youngbloods and the very fabric of their lives.

The Waverley Novels: The monastery. The abbot

There is a religious institution whose members are the most devout and serious of any faith on earth. Those who are a part of this institution unquestionably believe in a god that directs their activities and they look to this deity with the ultimate hope of gaining his favor. They, unlike many of the people ascribed to the popular religions of today, have no doubt that their god lives and interacts with them. They see the favor their god bestows upon them. The riches and power gained through their piety actively demonstrates the reality of their god's existence. The precepts of their secretive religion are contra to that of the Judeo-Christian religion that values above all, love for their fellow man. They consider the people outside of their group inferior creatures, unworthy of their god, but necessary for manipulation towards the completion of their final objective. Through devotion, submission to the will of their god, and dedication to his secretive plan, they believe that they will achieve immortality and live in a coming golden age where their god will appear on earth and rule them in a new paradise of his design. Just as the Judeo Christian God gave His followers the Arc of The Covenant, which held great power, the god of the mystery religion has given his followers an object whose existence has been kept secret since the Middle Ages and whose power is beyond comprehension. This object grants absolute hegemony to those who possess it as well as the ability to increase supremacy through war and conquest.

Secret Spaces, Forbidden Places

Compelling, captivating, and sometimes complicated; Forbidden Secrets takes you on a journey down the road less traveled. The author takes us to places we never thought we'd go and keeps us there far longer than we expected to stay. Like a skillful musician, crafty poet, and accomplished literary writer; the author gives life and color to the fragments of her imagination. She painfully recalls some of the darkest hours of our lives and proves that we are only as sick as our deepest secrets and healing only begins when we expose them. We cannot heal what we do not acknowledge, and we cannot acknowledge what we ignore and fear the most. Discover the light at the end of the tunnel and let the Word of God be a lamp unto your feet. The author skillfully and masterfully gives us the courage to rise above tragedy, brace against the winds of change, and silence the voice that rise up and condemn us because of our fearless approach to sharing our truth.
