Forgotten Mountain Wisdom & Basic Survival Skills

Deep ecology is an environmental philosophy which promotes the inherent worth of all living beings regardless of their instrumental utility to human needs, plus the restructuring of modern human societies in accordance with such ideas.. Deep ecology argues that the natural world is a complex of relationships in which the existence of organisms is dependent on the existence of others within

The Forgotten Skills of Self-Sufficiency Used by the

Both mother's wisdom and practical wisdom come to us through practice and are long-term in focus. There is a difference, however, on how scalable mother's wisdom is compared to practical wisdom. Mother's wisdom enriches her children, and other children around her, but practical wisdom applies more broadly, having an impact on individuals, companies, communities, and society at large.
