Going Gray: The Urban Concealment and Survival Anthology

Resources, Urban & Wilderness Survival. The gray man theory is a way of disappearing into the crowd so you can move unnoticed when disaster strikes. The idea is that you can conceal your preparedness by blending in with the crowd before or during an emergency. While it is generally referred to as the "gray man theory," this theory can, of course, be applied to anyone, man or woman, of any age, who needs to blend into a crowd amidst a disastrous situation to conceal the fact that they

Going Gray: The Urban Concealment and Survival Anthology

Here's the truth about gray hair (and it's going to hurt): People lie to themselves about how much younger they look without gray hair. It's so much more than hair's skin tone, body fat percentage, condition of teeth etc. Seriously, nothing screams "old" more than a mature face with super shiney, reddish-brown hair with blond highlights.

Going Gray is the culmination of all of the urban camouflage titles all in a single 8.5" x 11" book. Titles include the popular Gray Man: Camouflage for Crowds, Cities, and Civil Crisis. It is followed by the first-time-in-print Gray Woman: A Woman's Guide to Gray Man Tactics , with some new updated text and photos not included in the original E-book format.

Going Gray : The Urban Concealment and Survival Anthology

Most of all, the gray man is good at hiding in plain sight. This makes you less of a target. People will be less likely to approach you for any reason. It also makes it easier to move through the crowd and get to where you want to go. And becoming a gray man isn't difficult.

Going Gray: The Urban Concealment and Survival Anthology

In this active-shooter training session, the cubicle walls provide concealment from the shooter but no cover. The gray file cabinet—if it were full of files— would provide cover but not as much concealment. If possible, move two or more together to provide better cover. (Photo: Wikimedia.org)
