Critically acclaimed when it was first published, Tuck Everlasting has become a
much-loved, well-studied modern-day classic. This anniversary edition features an
in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look
at Tuck Everlasting twenty-five years later. What if you could live forever? Is
eternal life a blessing or a curse? That is what young Winnie Foster must decide
when she discovers a spring on her family's property whose waters grant
immortality. Members of the Tuck family, having drunk from the spring, tell Winnie
of their experiences watching life go by and never growing older. But then Winnie

must decide whether or not to keep the Tucks' secret—and whether or not to join them on their never-ending journey. Praise for Tuck Everlasting by Natalie Babbitt: “A fearsome and beautifully written book that can't be put down or forgotten.” —The New York Times “Exciting and excellently written.” —The New York Times Book Review “With its serious intentions and light touch the story is, like the Tucks, timeless.” —Chicago Sun-Times “Probably the best work of our best children's novelist.” —Harper's “Natalie Babbitt's great skill is spinning fantasy with the lilt and sense of timeless wisdom of the old fairy tales. . . . It lingers on, haunting your waking hours, making you ponder.” —The Boston Globe “This book is as shapely, crisp, sweet, and tangy as a summer-ripe pear.” —Entertainment Weekly This title has Common Core connections.

"Learning how to self-soothe, re-center, or tuck yourself in' during difficult moments is an important skill that few of us learned to do in an optimal way as we grew up. Dr. Ginger Clark has written a fascinating approach on how to develop this crucial skill for your own moments of discomfort, or to help those you care about. Her approach combines her background as a therapist, her knowledge of body-mind-spirit methods, and her vulnerability and courage as a human being who has worked hard for many years to find self-soothing and re-centering steps that are effective and do-able for people from all walks of life." Her subject matter can be found climbing through the window, hanging on to the edge of the roof, and always at the refrigerator. Here she chronicles the exuberant, awesome life of boys through conversations overheard, rules she's been forced to make, and the many episodes of boy behavior that continue to mystify mothers worldwide.
