How to Be The Almost Perfect Wife

This book, written primarily as a training guide for law enforcement personnel, demonstrates how easily police officers can get sucked in by professional con artists. Secondly, the book was written to alert potential victims of the lack of police protection. Thought of by many as just "nickel and dime," the reality is that most midway games, which start with \$2 or \$5 per play, sometimes builds to more than \$100 in losses. It was evident these openly brazen career criminals, who primarily target children these days, account for several million dollars annually in Michigan alone, while they proclaim that their good-natured fraud and gambling enterprises

are not crimes at all, but merely "games of skill." Knowing the Certainty I Lym Al-Yaqeen By the Perfect Wisdom of the Holy Revelation of the Holy Quran

Being a grandmother, writes Bryna Nelson Paston, is not one of life's free choices. "You can pick your pet, your alma mater, and your spouse. You can decide when to have kids and how many, if you're careful. You can be a doctor, lawyer, mountain climber, or plumber. But when and where you become a grandma is your kids' decision." *How to Be the Perfect Grandmother* is a humorous, anecdotal gift book for grandmothers, grandmothers-to-be, grandmother wannabes, anyone who has a grandmother-and, of course, grandfathers. Becoming a grandma is like getting a subpoena. You don't expect it. You don't know how to respond. You know you must be mature and accept it. Being a grandma, though, is as close as many of us ever get to perfection. There is only one little problem-the generation in the middle. "Dealing with your child and his or her spouse while you become the most relevant person in your grandchild's life is tricky at best and downright impossible at worst." From that unique point of view, Paston has written a delightful book that explains the rules for grandmothers to assure they will be an important part of their grandchildren's lives. "We have a window of opportunity as grandparents," she writes, "usually five years, or maybe more if you're lucky. So you have to make your move fast and decisively. Your kids and their spouses will intrude, interrupt, and interfere. But persevere. Circumvent them, do exactly what you want, and lie-with dignity, I might add. Whatever it takes. Promise anything, but get the kid."

Love Is Here: How to find love and date the perfect man in 3 months (or less)

A captivating tale of one man's mission to groom his ideal mate. Thomas Day, an 18th-century British writer and radical, knew exactly the sort of woman he wanted to marry. Pure and virginal, yet tough and hardy, and completely subservient to his whims. But after being rejected by a number of spirited young women, Day concluded that the perfect partner he envisioned simply did not exist in frivolous, fashion-obsessed Georgian society. Rather than conceding defeat and giving up on his search for the woman of his dreams, however, Day set out to create her. So begins the extraordinary true story at the heart of *How to Create the Perfect Wife*. A few days after he turned twenty-one and inherited a large fortune, Day adopted two young orphans from the Foundling Hospital and, guided by the writings of Jean-Jacques Rousseau and the principles of the Enlightenment, attempted to teach them to be model wives. Day's peculiar experiment inevitably backfired -- though not before he had taken his theories about marriage, education, and femininity to shocking extremes. Stranger than fiction, blending tragedy and farce, *How to Create the Perfect Wife* is an engrossing tale of the radicalism -- and deep contradictions -- at the heart of the enlightenment.

Preparing the Perfect CV

Influenced by A. J. Jacobs's *The Year of Living Biblically*, Harrell managed to recruit 20 members of his Boston congregation to join him in a month-long effort at living Levitically. Holiness was the ultimate goal, but so was learning. People who take the Bible seriously never know what to do with the book of Leviticus. And yet Leviticus is historically considered by Jews, and thus by Jesus, as the pivotal book of the Hebrew Bible. It's impossible to fully comprehend such key New Testament terms as sacrifice, atonement, or blood without some understanding of Leviticus. The "second greatest commandment," which Jesus said was "Love your neighbor as yourself," comes from Leviticus (19:18). As a longtime minister and preacher who had successfully skirted Leviticus for most of his life, author Daniel Harrell wanted to come to grips with all that Leviticus teaches—not just loving neighbors, but the parts about animal sacrifice, Sabbath-keeping, skin diseases, homosexuality, and stoning sinners, too. Yet rather than approaching Leviticus with a view toward mitigating its commands, he decided to simply obey them. The surprising lessons they learned impressed on Harrell both the power of obedience and the necessity of grace. This book traces the adventures of a group of people eager to understand the Bible by living it.

Carnival Games: the Perfect Crimes

The perfect keg. Filled with perfect beer. A symphony of flavors in the mouth. The right blend of sweet and bitter. The fluid in that keg represents a year's work. Actually brewing it took a few weeks. But to make it truly the perfect keg, Ian Coutts had to go right back to fundamentals. This beer didn't start with a beer-making kit, which is what most homebrewers use. And it didn't rely on pre-roasted industrial malt, which is how commercial brewers big and small do it. Coutts made his own malt, aerating wet barley with an aquarium bubbler and blasting it with a hair dryer. Of course, to do that he needed barley. So he grew his own. Hops, too. Yeast, he went out and captured. And that's it. With this beer, the only additives are knowledge and history. There were plenty of adventures, misadventures, and missteps along the way, but Ian writes about them with humor and aplomb, including his own recipes and those of people he worked with in the brewing process, proving it's possible to make the perfect keg of wholly natural beer in one year.
