Updated February 19, 2020 The introductory paragraph of any paper, long or short, should start with a sentence that piques the interest of your readers. In a well-constructed first paragraph, that first sentence leads into three or four sentences that provide details about the subject you address in the body of your essay.

## **3 Ways to Start an Introductory Paragraph - wikiHow**

The main goals of an introduction are to: Catch your reader's attention. Give background on your topic. Present your thesis —the central point of your essay.

## **Here's How to Write an Introduction (Examples and Tips)**

Elements of an Introduction. Generally, an introduction has four integral elements which come in a sequence, one after the other. They are as given below: Hook or attention grabber; Background information; Connect; Thesis statement; Hook: A hook is the first sentence of an introduction. It is also called an “attention grabber.”
