Why Be Jewish?

"All beginnings require that you unlock new doors."--Rabbi Nachman of Bratslav In this short and inspiring text, Rabbi David J. Wolpe addresses all who seek to enlarge the spiritual side of their lives. For those considering a return to the faith of their forebears, for those drawn to conversion, Why Be Jewish? is a learned, graceful, and welcoming introduction beckoning readers into the heart of this venerable and enduring religion.

The Jewish Primer

Jewish Remnants in Spain

What does it mean to be Jew(ish) in 2020? Caught between tradition and modernity, between a Jewish family and a non-Jewish son, Matt Greene ponders the big questions concerning identity, religion, family and Seinfeld. When his son was born to a non-Jewish mother, Matt began to consider the upbringing he'd put behind him--the sense of not belonging, the forbidden foods, the holidays that felt more like punishments. There are more types of Jew than there are bagel fillings, and for every two there are three opinions. But if you're not a black-hatted frummer, if you're allergic to groups, if you observe but don't believe, or you

don't observe at all, does that make you less Jewish? In this wide-ranging series of essays, at turns irreverent, insightful, urgent and iconoclastic, Matt considers what might loosely be termed 'the modern Jewish experience', and asks what it means to be anything in a world obsessed with the self and the other.

Transcending Tradition: Jewish Mathematicians in German Speaking Academic Culture

Riddles of Existence: A Guided Tour of Metaphysics

This handy primer on all things Jewish is filled with funny, surprising and informative facts about Jewish life, culture, and religious practice—all presented in an entertaining and witty voice and accompanied by bold illustrations that pack a graphic punch. Jews, lapsed Jews, and their spouses and friends will surely learn a thing or ten while devouring this addictively readable mix of practical information, fun facts and figures, and amusing trivia. Including information on key figures from Saul to Seinfeld, a lesson in proper Jew-fro care, and a basic guide to all those second-tier holidays no one ever celebrates, this engaging compendium is perfect for gifting or for simply learning more while being thoroughly entertained.

100 updated classic and all-new Jewish-style recipes from a bright new star in the food community

Jewish Curriculum and Resource Guide for the Armed Forces

A Handbook to Jewish Prayer Prctice.

Trouble in the Tribe

When discussing peace in the Middle East, the same familiar litany of questions are heard: "Is it safe to travel over there?" "Do you think there will ever be peace over there?" "Why can't they all just 'get along' over there?" "They've been fighting for thousands of years over there." People often assert, with an air of deep self-assurance, that "there will never be peace in the Middle East," or "the Arabs will never allow the Jews to live in peace," or, with more than a tinge of theological naiveté, "only Christ can bring peace to the holy land." Such familiar refrains are as misguided as they are common. In this volume, a panel of distinguished scholars, analysts and activists speak as Jews, Christians and Humanists to name and explore the chief barriers to peace and stability in the holy lands. These barriers are: nationalism, colonialism and Zionism. Readers of this volume will

hear voices which are often neglected, muted or otherwise suppressed in popular discourse.

Manual of Jewish History and Literature

Prophetic Voices on Middle East Peace

Here is the world, ever changing and new, Spinning with joy at the wonder of you! Here Is the World is a joyous celebration of the Jewish holidays throughout the year for young children. Beginning with the weekly observance of Shabbat, readers join a family through the holidays and the corresponding seasons. From sounding the shofar on Rosh Hashanah to lighting the menorah for Chanukah to rattling a grogger for Purim, and on through the Jewish year, the joy and significance of each holiday beautifully come to life. In addition to the narrative text, there is a description of each holiday in the back matter along with an easy craft or recipe. Praise for Here is the World "Both lovely and eminently useful." --Kirkus Reviews "Illustrating the change of seasons, Gal ' s charcoal and digital collage images effervesce with cheery colors, moving from the radiant gold, yellows, and reds of autumn to the greens and blues of spring—with a stop in snowy winter for Chanukah, of course." --Publishers Weekly

The Jewish Phenomenon

Nine tales from antiquity will enthrall children with the exploits of kings and beggars in a spellbinding world of demons, angels, and other supernatural creatures.

Report of the Commissioner of Education Made to the Secretary of the Interior for the Year with Accompanying Papers

What is a Half-Jew? Neither this nor that. Practically synonymous with confusion, Half-Jew is a term for people stuck in no-man's land, not quite fitting in with Gentiles nor universally accepted as Jews. Some say there is no such thing, denying many their legitimate heritage and innate pull toward the same culture, ancestry and religious equivalence as those with Jewish matrilineage. Those born of a Jewish father and non-Jewish mother are often lost, searching for a true identity. D.M. Miller makes a compelling case to prove the doubters wrong. In analyzing religious arguments, medical and genetic studies, history and ancestry, this intimate part-memoir tells the personal story of one woman determined to eradicate the stigma, unravel the misunderstandings and come to terms with what identity is or isn't through her unique perspective as a Half-Jew.

A People Divided

The questions of metaphysics are among the deepest and most puzzling. What is time? Am I free in my actions? What makes me the same person I was as a child? Why is there something rather than nothing? Riddles of Existence makes metaphysics genuinely accessible, even fun. Its lively, informal style brings the riddles to life and shows how stimulating they can be to think about. No philosophical background is required to enjoy this book: anyone wanting to think about life's most profound questions will find Riddles of Existence provocative and entertaining.

My Jewish Year

Trouble in the Tribe explores the increasingly contentious place of Israel in the American Jewish community. In a fundamental shift, growing numbers of American Jews have become less willing to unquestioningly support Israel and more willing to publicly criticize its government. More than ever before, American Jews are arguing about Israeli policies, and many, especially younger ones, are becoming uncomfortable with Israel's treatment of Palestinians. Dov Waxman argues that Israel is fast becoming a source of disunity for American Jewry, and that a new era of American Jewish conflict over Israel is replacing the old era of solidarity. Drawing on a wealth of in-depth interviews with American Jewish leaders and activists, Waxman shows why Israel has become such a divisive issue among American Jews. He delves into the American Jewish debate about Israel, examining the impact that the conflict over Israel is having on Jewish communities, national Jewish organizations, and on the pro-Israel lobby. Waxman sets this conflict in the context of broader cultural, political, institutional, and demographic changes happening in the American Jewish community. He offers a nuanced and balanced account of how this conflict over Israel has developed and what it means for the future of American Jewish politics. Israel used to bring American Jews together. Now it is driving them apart. Trouble in the Tribe explains why.

Here Is the World: A Year of Jewish Holidays

Textbook with eleven chapters focus on the Jewish holidays from the High Holidays to Shavuot.

Half-Jew: Searching for Identity

These Are the Words

With truly startling statistics and a wealth of anecdotes, Silbiger reveals the cultural principles that form the bedrock of Jewish success in America.

A Primer on the American Jewish Community

Using a question-and-answer format, an introductory reference for both Jews and non-Jews presents information on Judaism as derived from the Torah, the Talmud, and traditional customs, rituals, and laws

What Do Zionists Believe?

Beginning with a brief summary of Spanish Jewry, the work considers twenty-five pre-Expulsion Jewish communities. The few remnants of the transcendent history of the Jews in Spain can be considered prophetic of what was to transpire in twentieth-century Europe. The institutionalized legal process, which led to the Holy Office of the Inquisition and the Edict of Expulsion in 1492, carried out a plan to exterminate the Jewish people. Jewish Remnants in Spain may serve as a guidebook for tourists, especially Jewish tourists. The 183 in situ illustrations included are the author's original work.

Catalogue of the educational division of the South Kensington museum

This volume delineates the link between Judaism and Christianity, between Old and the New Testaments, and calls Christians to reexamine their Hebrew roots so as to effect a more authentically biblical lifestyle.

Yiddish for Babies

I Am the Tree of Life

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, The Norton Anthology of World Religions opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will"

Unprecedented in scope and approach, The Norton Anthology of World Religions: Christianity brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

Did Jew Know?

An analysis of contemporary American Judaism within the broader scope of American religious life.

Jewish People, Jewish Thought

Inspired by the final words of murdered journalist Daniel Pearl, a collection of personal essays, reflections, theological statements, reminiscences, and stories expresses what being Jewish means to such contributors as Alan Dershowitz, Kirk Douglas, Theodore Bikel, Dianne Feinstein, Daniel Schorr, Larry King, Harold Kushner, Norman Lear, Joe Lieberman, and many others.

Visions of Jewish Education

Judaism in a Nutshell

United States Congressional Serial Set

Zionism was a movement of national liberation. It sought to establish a permanent home for the Jewish people where they could attain political independence and instigate a national renaissance. Some Zionists were inspired by a vision of religious redemption and the onset of the messianic age. For others it represented the construction of a perfect society. Others aspired to the more modest creation of a modern technological, capitalist state. The Hebrew Republic which came into being in May 1948 embellished all these possibilities. Today 38 per cent of all Jews live in Israel. The tragedy of Zionism was that it arose during the same period of history as Arab nationalism - and in the same land. Our perception of what it stood for and how it came about has been shaped and distorted by the conflict between Israelis and Palestinians. Colin Shindler explains the evolution of Zionism as a unique ideology and provides a clear and perceptive analysis of its ideas.

The History of the Jewish People: The Birth of Zionism to our time

In the tradition of *The Year of Living Biblically* by A.J. Jacobs and *Walking the Bible: A Journey by Land Through the Five Books of Moses* by Bruce Feiler comes Abigail Pogrebin's *My Jewish Year*, a lively chronicle of the author's journey into the spiritual heart of Judaism. Although she grew up following some holiday rituals, Pogrebin realized how little she knew about their foundational purpose and contemporary relevance; she wanted to understand what had kept these holidays alive and vibrant, some for thousands of years. Her curiosity led her to embark on an entire year of intensive research, observation, and writing about the milestones on the religious calendar. Whether in search of a roadmap for Jewish life or a challenging probe into the architecture of Jewish tradition, readers will be captivated, educated and inspired by Abigail Pogrebin's *My Jewish Year*.

A is for Abraham

From Abraham to Zaydee, and from ancient times to modern day, *A is for Abraham: A Jewish Family Alphabet* encompasses the history of Jewish traditions and customs and how they are practiced today. Following the alphabet, a poem identifies the letter topic while sidebar text provides background information. C could be the challah that my bubbe used to braid, or C could be the chicken soup, when I was sick she made, or chocolate coins on Chanukah we added to our coffers. But I say C should be for Chai "To Life" and all it offers. This joyful celebration of family and heritage includes the meaning behind celebrations such as the Festival of Lights, Passover, and Sukkot; important names and stories from the Old Testament; and how modern-day

families continue to celebrate their heritage. Richard Michelson's children's books have received distinctive awards such as a New Yorker Best Book Award and a Jewish Book Council Book of the Month. His titles include *Too Young for Yiddish*; *Across the Alley*; and *Tuttle's Red Barn* (a Publishers Weekly Best Children's Book of 2007). He lives in Northampton, Massachusetts. Ron Mazellan's work has been featured in film and advertising, as well as books and magazines. His work for young readers includes *The Harmonica* (an IRA Children's Choice Award winner) and *The Longest Season* (a New York Times top ten bestseller). Ron teaches at Indiana Wesleyan University and lives in Marion, Indiana.

Norton Anthology of World Religions

Jewish Fairy Tales

A companion publication to the international exhibition "Transcending Tradition: Jewish Mathematicians in German-Speaking Academic Culture", the catalogue explores the working lives and activities of Jewish mathematicians in German-speaking countries during the period between the legal and political emancipation of the Jews in the 19th century and their persecution in Nazi Germany. It highlights the important role Jewish mathematicians played in all areas of mathematical culture during the Wilhelmine Empire and the Weimar Republic, and recalls their emigration, flight or death after 1933.

The Jewish Alchemists

In this monumental work, Raphael Patai opens up an entirely new field of cultural history by tracing Jewish alchemy from antiquity to the nineteenth century. Until now there has been little attention given to the significant role that Jews played in the field of alchemy. Here, drawing on an enormous range of previously unexplored sources, Patai reveals that Jews were major players in what was for centuries one of humanity's most compelling intellectual obsessions. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The specimen book of printing types, used at the Operative Jewish converts' institution, Bethnal Green

Judaism itself is a language, a group's way of expressing beliefs, longings, aspirations and dreams. The vocabulary of Jewish life is the framework that Jews use to hand their past down to their children. It is, also, the vocabulary that people of other faiths need to know to understand Judaism and Jewish life. In this revised edition of the ultimate Jewish primer, one of the greatest spiritual teachers of our time takes readers on a historical and spiritual journey through Judaism.
