The first three books in the Colorado Mountain series are excellent books. The rest of the series is great too, don't get me wrong, but the first three are to me, something else entirely. I've read Lady Luck before several times, but this is the first chance I've had to do it on kindle, so I can actually review it this time.

Review: Lady Luck (#3, The Colorado Mountain Series) by Kristen Ashley. My Thoughts. Lots of sexiness. Lots of drama. Lots of delicious mountain man alphaness. Kristen Ashley does it again with another fast-paced, exciting, action-packed story full of heart, friendships and everything in between.
