Breezes traveling across its large expanse cool the skin. The scream of a bald eagle as it sweeps a salmon from Agawa Bay slices the fog. The fragrance of untouched places permeates the boreal forest. August blackberries are bittersweet. Photographer

Bruce Montagne finds a dimension of the lake rarely observed, the intangible one. The journey has been long and unpredictable. What started out as simple excursions to the region became a quest to unravel its hidden themes, the secrets of Lake Superior. The resulting images flow from quiet and contemplative to breathtaking and grand. Montagne invites all of us to discover Lake Superior through this intimate experience.

The Silence of Dean Maitland

This nonfiction, devotional book explores the meanings of Quaker silent worship, drawing upon the spiritual experiences of both the author and other members of the Religious Society of Friends (Quakers). The book opens up a contemporary quest for authentic spiritual experience, within the context of silence and worship and illustrates how some

contemporary Quakers experience connections with the Divine. A must read for anyone interested in the simple but profound question of what it means to silence the mind. Gary Emery, Ph.D., Director, Los Angeles Center for Cognitive Therapy. Lyrical, deeply moving, with a singing prose that rises to poetry, Stan Searls journey to the heart of silence is a must read for anyone interested in the varieties of religious experience. This book will take its place among the great spiritual confessions. Nancy Shiffrin, Ph.D., Union Institute and University, author of *The Holy Letters* and *My Jewish Name*, Booksurge.com.

Poetry is the deeply felt dream of the soul, its pangs of longing and yearning to meld with another; poetry is the prayer spoken silently, the music sung to lift the spirit, the paintings colored, and the photographs that remind us of bygone days. All is poetry, and all speaks to us in the muted tones of seduction and plaintive cries. Herein lie the words, the unspoken emotions and expressions of one; the images that would not lend to speaking; and the expressions of an intimate soul.

Her name is Omakayas, or Little Frog, because her first step was a hop, and she lives on an island in Lake Superior. One day in 1850, Omakayas's island is visited by a group of mysterious people. From them, she learns that the chimookomanag, or white people, want Omakayas and her people to leave their island and move farther west. That day, Omakayas realizes that something so valuable, so important that she never knew she had it in the first place, could be in danger: Her way of life. Her home.
