This book is a contribution to the history of a vital stage of UK technical and economic development, perhaps the most important since the Second World War. It shows, from an industrial viewpoint, how the British handled the exploitation of their most significant natural resource gain of the 20th century.

Notwithstanding the nearly 30 years of government support through the Offshore Supplies Office, the UK has not reaped the full benefit of the North Sea discoveries; this book attempts to explain why. It will assist governments and industries faced with future instances of unforeseen, specialist and large-scale new demand to manage their reactions more effectively. It also throws light on how governments can pursue strategic industrial objectives while leaving market mechanisms to function with minimal interference, something some administrations – perhaps even the British – may wish to do now or in the future. Covers the entire period from the first well offshore Britain until the dismantling of the specific British industrial policy measures for offshore supplies Based in large measure upon archives not previously accessed and the private testimony/papers of participants 'Drills down' to the level of individual company decisions through case study and other material The only properly researched description of how the world 's first major local content initiative developed

Traversing visible and invisible realms, *A Time of Lost Gods* attends to profound rereadings of politics, religion, and madness in the cosmic accounts of spirit mediumship. Drawing on research across a temple, a psychiatric unit, and the home altars of spirit mediums in a rural county of China ' s Central Plain, it asks: What ghostly forms emerge after the death of Mao and the so-called end of history? The story of religion in China since the market reforms of the late 1970s is often told through its destruction under Mao and relative flourishing thereafter. Here, those who engage in mediumship offer a different history of the present. They approach Mao ' s reign not simply as an earthly secular rule, but an exceptional interval of divine sovereignty, after which the cosmos collapsed into chaos. Caught between a fading era and an ever-receding horizon, those “ left behind ” by labor outmigration refigure the evacuated hometown as an ethical-

spiritual center to come, amidst a proliferation of madness-inducing spirits. Following pronouncements of China ' s rise, and in the wake of what Chinese intellectuals termed semicolonialism, the stories here tell of spirit mediums, patients, and psychiatrists caught in a shared dilemma, in a time when gods have lost their way.

On 17 November 2012, Salvador Alvarenga left the coast of Mexico for a two-day fishing trip. A vicious storm killed his engine and the current dragged his boat deep out to sea. Alvarenga would not touch solid ground again for 14 months. When he was washed ashore on January 30 2014, he had drifted over 9,000 miles. He considered suicide on multiple occasions. But Alvarenga developed a method of survival that kept his body and mind intact long enough for the Pacific Ocean to spit him up onto a remote palm-studded island.

### A Treatise on the Law of Collisions at Sea

A mother pleads with her son not to sail on a certain steamer because she has dreamt - three times in a row - that the vessel will never reach its destination. Modern-day observers watch in awe as a ghost ship - blazing from bow to stern - dutifully reenacts a two-hundred-year-old tragedy that the observers' fathers and grandfathers also watched reenacted with the same sense of awe. A crewman walks past a solitary figure seated in the ship's restaurant only to turn a moment later and find the restaurant empty. A red glow appears in the

darkness ahead of a modern warship, and the faint outline of an old galleon, her sails in tatters, is seen approaching against the wind - only to vanish a moment later before the startled eyes of observers. Such strange events have been seen for centuries and continue to be reported even today by witnesses who are, for the most part, sober and responsible human beings. In *Lost at Sea* folklore specialist Michael Goss and George Behe, an expert on maritime disasters, explore what lies behind these amazing narratives and enduring legends. The book determines the location of the Red Sea of the Exodus as the Gulf of Aqaba, known in Hebrew as Yam Suph. It also refutes the popular "Reed Sea" theories that envision an Exodus sea crossing in a marsh lake near Egypt. The characteristics of the sea, its likely crossing point, and the Hebrews' route to reach it are presented in detail. The electronic file is a PDF.

### Lost at Sea

From the bestselling author of *Blood and Money*: A haunting true story of three people locked in a fierce struggle against time and the sea—and each other. In July 1973, Bob Tininenko; his wife, Linda; and his brother-in-law, Jim Fisher, set sail from Tacoma, Washington, on a thirty-one-foot trimaran down the West Coast to Costa Rica. The journey was expected to take a matter of weeks, but ten days into the cruise, the party encountered a freak storm off the coast of northern California. When gale-force winds and fifty-foot waves capsized their boat, the voyage became a nightmare. For seventy-two days, the trio was lost at sea. Challenged by nature and compromised by a bitter rivalry, their courage and will to live was put to the ultimate test. Jim, the owner and skipper of the boat, was a devout fundamentalist whose recognition of God's will in every event brought him into increasing conflict with his brother-in-law. As the two men battled to take control of a dire situation, Linda kept a secret that would lead to heartrending tragedy. A “hair-raising” (Houston Chronicle) account of shipwreck and survival and a searing portrait of faith without reason, *Lost!* is an unforgettable true story from “a writer of tremendous power and achievement” (Detroit Free Press).

A revelatory tale of science, adventure, and modern myth When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn ' s accidental odyssey pulls him into the secretive dealings of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, Moby-Duck is a compulsively readable narrative of whimsy and curiosity.

### Lost at Sea

On a calm, tropical afternoon in the South Atlantic Ocean in April 1942, a British tramp steamer, the SS Willesden, was shelled, torpedoed and sunk by a German raider, the KMS Thor. The Willesden was carrying 47 officers and crew, and a cargo of vital war supplies destined for Britain's 8th Army in North Africa. Five of Willesden's crew were killed in the attack. Among the survivors was Second Mate David Millar, who -- along with his crewmen -- was rescued by the Germans and interned on a succession of prison ships, before being handed over to the Japanese. Badly wounded, David spent the rest of the war as a POW in a camp at Fukushima, north of Tokyo. Lost at Sea tells the little-known story of the 130 survivors, remarkably listed "Missing at Sea" for months and in some cases years. It is a tale of honour between enemy naval commanders; of suffering, courage and endurance, as months of imprisonment turned to years; and of the powerful relationships that form when people are forced together in life-threatening circumstances.

Mary Higgins Clark Award-winning author In the tradition of Daphne du Maurier, Shari Lapena, and Michelle Richmond comes a new thriller from the bestselling author of *The Lake of Dead Languages*—a twisty, harrowing story set at a prestigious prep school in which one woman’s carefully hidden past might destroy her future. Tess has worked hard to keep her past buried, where it belongs. Now she’s the wife to a respected professor at an elite boarding school, where she also teaches. Her seventeen-year-old son, Rudy, whose dark moods and complicated behavior she’s long worried about, seems to be thriving: he has a lead role in the school play and a smart and ambitious girlfriend. Tess tries not to think about the mistakes she made eighteen years ago, and mostly, she succeeds. And then one more morning she gets a text at 2:50 AM: it’s Rudy, asking for help. When Tess picks him up she finds him drenched and shivering, with a dark stain on his sweatshirt. Four hours later, Tess gets a phone call from the Haywood school headmistress: Lila Zeller, Rudy’s girlfriend, has been found dead on the beach, not far from where Tess found Rudy just hours before. As the investigation into Lila’s death escalates, Tess finds her family attacked on all sides. What first seemed like a tragic accidental death is turning into something far more sinister, and not only is Tess’s son a suspect but her husband is a person of interest too. But Lila’s death isn’t the first blemish on Haywood’s record, and the more Tess learns about Haywood’s fabled history, the more she realizes that not all skeletons will stay safely locked in the closet.

Shipwrecked in the floating islands. Captain Wil Litang, of the space ship, Lost Star, finds himself shipwrecked on a tiny floating island in the vast atmospheric sea of the Archipelago of the Tenth Star. Making matters worse, he ' s not alone. He shares the island with an assassin who has taken a vow to kill him, and a feathered dragon, with a whole lot of teeth. The Lost Star ' s Sea is the sequel to The Bright Black Sea. The novel is set in the Archipelago of the Tenth Star, a vast hollow world filled with islands floating in a sea of air. Cut off from the Lost Star, Captain Wil Litang must not only survive the fierce beasts and dragons of the island, but their savage people as well – pirates, bandits, and the strange servants of the Dragon Kings. Not to mention the assassin, Naylea Cin, who has pursued him across the Nine Star Nebula to kill him. The story of Wil Litang and the Lost Star concludes in this classic planetary adventure novel written in the tradition of Edgar Rice Burroughs. C. Litka writes old-fashioned novels with modern sensibilities, humor, and romance. His lighthearted novels of adventure, mystery, and travel are set in richly imagined worlds and feature a colorful cast of well drawn characters. If you seek to escape, for a few hours, your everyday life, you will not find better company, nor more wonderful worlds to travel and explore, than in the novels of C. Litka.

### The Lost Sea of the Exodus

From the New York Times bestselling author of *The House of the Spirits*, this epic novel spanning decades and crossing continents follows two young people as they flee the aftermath of the Spanish Civil War in search of a place to call home. “ One of the most richly imagined portrayals of the Spanish Civil War to date, and one of the strongest and most affecting works in [Isabel Allende ’ s] long career. ” —The New York Times Book Review

In the late 1930s, civil war grips Spain. When General Franco and his Fascists succeed in overthrowing the government, hundreds of thousands are forced to flee in a treacherous journey over the mountains to the French border. Among them is Roser, a pregnant young widow, who finds her life intertwined with that of Victor Dalmau, an army doctor and the brother of her deceased love. In order to survive, the two must unite in a marriage neither of them desires. Together with two thousand other refugees, they embark on the SS *Winnipeg*, a ship chartered by the poet Pablo Neruda, to Chile: “ the long petal of sea and wine and snow. ” As unlikely partners, they embrace exile as the rest of Europe erupts in world war. Starting over on a new continent, their trials are just beginning, and over the course of their lives, they will face trial after trial. But they will also find joy as they patiently await the day when they will be exiles no more. Through it all, their hope of returning to Spain keeps them going. Destined to witness the battle between freedom and repression as it plays out across the world, Roser and Victor will find that home might have been closer than they thought all along. A masterful work of historical fiction about hope, exile, and

belonging, *A Long Petal of the Sea* shows Isabel Allende at the height of her powers. Praise for *A Long Petal of the Sea* “ Both an intimate look at the relationship between one man and one woman and an epic story of love, war, family, and the search for home, this gorgeous novel, like all the best novels, transports the reader to another time and place, and also sheds light on the way we live now. ” —J. Courtney Sullivan, author of *Saints for All Occasions* “ This is a novel not just for those of us who have been Allende fans for decades, but also for those who are brand-new to her work: What a joy it must be to come upon Allende for the first time. She knows that all stories are love stories, and the greatest love stories are told by time. ” —Colum McCann, National Book Award – winning author of *Let the Great World Spin*
