Twenty five highly detailed grayscale coloring pages feature the fantasy fractal artwork of Tabz Jones. Fractal art is a definite product of the modern age. Where else could you use mathematical algorithms to create images? The repeating patterns of the equations are manipulated using a software program to change color, form, and shape to create a final artwork that is a one of a kind.

Are you looking for happiness? Happiness results when you practice living authentically, maintain balance, and enjoy the moment. Just like learning to ride a bike, it takes some effort and practice, but not a lot. Remember the first day you actually could ride your bike? That moment was filled with of joy and happiness. Your entire life can be filled with that same magicthe moment you invite happiness into your world. How did you learn to ride a bike? Answer: By riding a bike. Trial and error. Stops and starts until eventually you master the skill of bike riding---this is a difficult skill that once learned, is never lost. How does one learn to live a happy life? Answer: By living. Trial and error. Experience and practice until you become a master of happiness. Once you master the skill of living, it is yours. Happiness wants you! - invite it into your life. Successful lives are not dependent on goal-setting, financial independence, the discovery of secrets, or following a guru. Life is for living. Your life is a gift from the universe to you. This gift is waiting to be opened, activated, understood, utilized, maintained, and appreciated. Once you take responsibility for your life, monitor and guide its course, you can avoid pain and experience all the joys of living. Like piloting your first bike, living without pain gives you the freedom to be you. "Happiness Wants You" will reawaken the truth that you already
