Warm and fuzzy, anchored in values, and filled with simple words of wisdom, this beloved, bestselling book for parents speaks to the important business of raising sons, and distills their timeless lessons into one nugget of wisdom per page—some lighthearted, some serious, some practical, and some intangible, and all supported by a strong moral backbone. Freshly updated, the book begins with the Five Keys of Parenting, a guide to navigating the extraordinary, even if sometimes exasperating, journey of parenthood. It's filled with the importance of nurturing responsibility: Teach him that the world will judge him by his actions, not his intentions. Fun stuff: Have tea with him in the afternoons. Serve cookies. And when he's ready to go: Hug him fiercely.
