The Second Edition of Skills-Based Health Education provides pre-service and practicing teachers with the pedagogical foundation and tools to develop a comprehensive PreK-12 health education program using the National Health Education Standards. It takes each standard by grade span, provides scenarios based on research to explain the skill, and then provides a step-by-step approach to planning assessment and instruction. Early chapters connect skills-based health education to coordinated school health and the national initiatives of the Centers for Disease Control and Prevention, Healthy People 2020, The Whole Child, and 21st Century Skills. The remaining chapters provide guidance to plan implement, and assess performance tasks. Readers are shown how to establish student needs, select content and skill performance indicators to meet those needs, and plan and implement assessment and instructions.

Introduction to Health Care Delivery

My Health Organizer (My Health Information All in One Place)

This Book Could Save Your Life! The Personal Health Organizer will help you advocate for yourself and your family for better health care in today's complex and often overwhelming medical system. As a nurse practitioner (APRN), Anne McAwley-LeDuc knows that having complete and accurate health histories available helps medical professionals diagnose and treat patients more effectively, as well as safely. Documenting your medical details in the Personal Health Organizer will provide a snapshot of your health history past, present, and ongoing. Here's how this invaluable resource can help you and your family: - In an emergency or disaster, when medical history may not be available, this book could be a life-saving tool.- Childhood and family health history will be available when needed.- As time goes by, important medical details won't be forgotten.- A caregiver's burden will be lighter when medical history is at their fingertips. In the Personal Health Organizer there are sections for documenting important health issues, family history, immunizations, allergies, and medications. It includes women's health plus pregnancy, men's health, dental care, final wishes, and quick reference lists for diagnoses and surgeries. It's never too early or too late to start!
