A Dream of Ebony and White

65 pages / 12,649 words Cinderella made a vow to her mother, before her mother tragically passed away on midwinter's day. Ella had sworn to watch over her father and care for him. But then her father had married anew. Her stepmother and two stepsisters took sharp delight in causing Ella grief from morn to eve. They bullied her, called her Cinderella, and treated her as little more than a slave in her own home. It took all of Ella's courage to swallow the insults and to honor her word. Now the crown prince had returned home from the battlefield, and a ball was announced to celebrate his arrival. All eligible young women from the entire kingdom were invited to attend. Ella had but one desire left. To see the king's gardens one last time before she fled home. It would be a final way to commemorate her beloved

mother before considering her vow's terms to be complete. She had no idea what waited her on that arched stone bridge * * * Cinderella - A Retelling with Strength and Courage is Book 1 of a gently cliff-hangered short story series. The series honors the original intention of the Grimm Fairy Tales - to present women of strength and courage tackling challenges which seemed insurmountable. With each new book a new heroine is interwoven into the story. The series sequence leads up to a happily ever after ending. The series is clean romance and is suitable for teens and up. Half of all author's proceeds benefit battered women's shelters. I publish my books one at a time to get feedback and suggestions as I go. If you prefer to read your stories complete, you are welcome to wait until the sequence is complete and then buy the box set. Either way, you support the cause! I have been working on these stories for many years. As fairy tales are so integral to so many young girls' lives, it was critical for me to do my very best to present each heroine in a way which honored her strength and showcased her ability to stand on her own. I feel strongly that no woman should ever sit around waiting for a man to "rescue" them. They should not endure abusive behavior in the hopes that a man will change or magically become that prince. Be the change you wish to see in the world.

Princess of Secrets

Boris Vian is a rare phenomenon. Nothing short of a national treasure in France, he is hardly known overseas. In his lifetime, he divided literary opinion

with masterpieces that failed to sell and best sellers that caused outrage, trials and even deaths, including his own. As an impresario, he became the figurehead of the jazz scene that marked the French left bank at the end of the Second World War and was responsible for bringing Duke Ellington and Miles Davis to France. As a musician, he played his trumpet against the advice of cardiologists, sang pacifist songs before audiences of outraged patriots and, in passing, created French rock 'n' roll. Posthumously, he became known for his theatre, film scripts and poetry as well as for his novels. And in May '68 he became a revolutionary icon.

Rose's Wrath

Everything you've been told is wrong. Oh, not everything, I suppose. Yes, I turned a pumpkin into a coach and mice into horses. The stroke of midnight, the glass slippers, and the prince searching for a girl whose foot fit the shoethose were all part of the story. And yet, the prince didn't just fall in love with Cinderella because she looked good at the ball. Pigeon feathers and pollywogs! Could you respect him if he did? I most certainly could not. No, no, there was vastly more that happened before the night of the ball, and a great deal of international intrigue after. Cinderella was a warrior who saved the life of the prince and defended her kingdom from oppressors who were plotting to overthrow the king. They didn't

Ellie and the Prince

In an era of brash, expensive, provocative new buildings, a prominent critic argues that emotions—such as hope, power, sex, and our changing relationship to the idea of home—are the most powerful force behind architecture, yesterday and (especially) today. We are living in the most dramatic period in architectural history in more than half a century: a time when cityscapes are being redrawn on a yearly basis, architects are testing the very idea of what a building is, and whole cities are

being invented overnight in exotic locales or here in the United States. Now, in a bold and wide-ranging new work, Rowan Moore—former director of the Architecture Foundation, now the architecture critic for *The Observer*—explores the reasons behind these changes in our built environment, and how they in turn are changing the way we live in the world. Taking as his starting point dramatic examples such as the High Line in New York City and the outrageous island experiment of Dubai, Moore then reaches far and wide: back in time to explore the Covent Garden brothels of eighteenth-century London and the fetishistic minimalism of Adolf Loos; across the world to assess a software magnate's grandiose mansion in Atlanta and Daniel Libeskind's failed design for the World Trade Center site; and finally to the deeply naturalistic work of Lina Bo Bardi, whom he celebrates as the most underrated architect of the modern era.

Shatter it. Isabelle should be blissfully happy-she's about to win the handsome prince. Except Isabelle isn't the beautiful girl who lost the glass slipper and captured the prince's heart.
