Concealed Carry Class

Learn the sport of Trapshooting step-by-step with ATA All-American Ian Darroch. From a new shooter who has shot very little to the experienced shooter who is looking for that extra target on the score sheet, this book offers information for every skill level.

The Little Black Book of Cocktails

Long range shooting in the United States is as old as this country is young. Shooters have always had a fascination with shooting at distance, whether they are plinkers, competitive shooters, or hunters. The ability to place rifle bullets in the same hole of a target or kill an animal quickly is a goal to which we all aspire. In recent years the interest in tactical precision rifles has increased, with many factory and custom rifle makers plying their art producing rifles that can easily outperform the ability of many shooters. Expert Robert A. Sadowski proves to be a masterful instructor on all aspects related to precision shooting in the Shooter ' s Bible Guide to Tactical Firearms. This Shooter ' s Bible guide will help new and experienced shooters in making smart equipment purchases that range from rifles and optics to ammunition and gear. The shooting school section provides instructions for those of us who have had no formal training. For experienced shooters, having current information on hand in one place can be an invaluable resource. And no Shooter ' s Bible guidebook is complete without a detailed products section showcasing rifles from all across the market. Other topics covered include: Top 10 long-range rifles Precision rifle maintenance Anatomy of a riflescope Shooting technique, positions, and drills And much more! Pick up a copy of the Shooter ' s Bible Guide to Tactical Firearms to learn everything you need to know about precision, long-range shooting. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Shooter's Bible Guide to Home Defense

"The illustrated introduction to firearms from an experienced instructor"--P. [4] of cover.

Shooter's Bible Guide to AR-15s

Brian Enos's Practical Shooting, Beyond Fundamentals - often considered the competitive shooters bible - includes in-depth coverage of the technical and mental aspects of training and competition, and will offer new insights as you continue to improve. "There is only one person in the world who I would allow to talk to my students, and that is Brian Enos." Rob Leatham, 15+ time National & World IPSC Champion. This isn't just another "how to fire a gun" book. This one talks about shooting. The keys to consistent, high-speed shooting are within you right now. This book will show you ways to bring them out. Through Brian's advice, you'll learn how to recognize and break down the barriers that are limiting your performance—you may begin to look at shooting in an entirely different way. You'll learn to pressure-proof your match performance, how different types of shooting require different focal points, and you'll see how to develop an attitude that will let you reach beyond what you thought was your potential. You'll find a comprehensive set of exercises that will develop and sharpen your skills. You'll see how it's possible to drive the gun to wherever your eye can look. You'll discover that everything you need to know about your technique is told by the gun, if you know how to listen to it. And all the challenges and advanced techniques of practical shooting are covered too: prone, barricade, single-hand shooting, multiple targets, reloading, shooting on the move, and much more. You'll also get inside tips on IPSC strategies, steel shooting, shootoff tactics, Bianchi, and more. Chapters include: - Awareness & Focus - Tools of Shooting - Creative Shooting - Specific Challenges - Competition - Development - Shooting Tools - Revolver Shooting - Group Shooting

The Gun Digest Book of Long-Range Shooting

Eighty years after his death, John Browning's gun designs continue to inspire the respect and loyalty of collectors and shooters. Here, for the first time, is a comprehensive identification and price guide to Browning guns from the Model 1878 single-shot rifle to the company's current production guns. With vintage Browning models fetching up to five figures at recent auctions, all Browning enthusiasts need to be accurately informed. With over 375 photos, 2,500 values and five condition grades for each gun, this book answers the call of those who collect and love Browning guns.

Shooter's Bible Guide to Optics

Your Ultimate Resource for Practical Personal Protection Concealed Carry Class: The ABCs of Self-Defense Tools & Tactics is a comprehensive guide to recognizing, avoiding and surviving violent confrontations. It covers everything from situational-awareness skills that can be honed to help keep you and your loved ones out of potentially dangerous scenarios; to the mental discipline it takes to carry a concealed weapon every day; to evaluating and selecting concealed-carry hardware, including handguns and calibers, holsters and clothing; to training drills you can use to become proficient with a handgun, and remain proficient through regular practice. Author Tom Givens has more than four decades of experience as a firearms instructor, has carried a gun professionally in one form or another for 50 years, and spent 25 years in various aspects of law enforcement and specialized security work, with stints in street patrol and investigations. Givens also owned and operated a firing range and training center for more than 18 years. During that time, he oversaw the firing of about 1.5 million handgun rounds each year, with all types of handguns. He trained about 2,500 students each year, including private citizens, security personnel and police officers, military police, intelligence units and Special Forces detachments. He has been involved in armed confrontations both as a police officer and as a private citizen, and has seen firsthand how decent people, with proper training, can fight back and

File Type PDF Shooters Bible Guide To Concealed Carry 2nd Edition A Beginners Guide To Armed Defense

overcome criminal attacks. Tom Givens calls on decades of firearms and law-enforcement experience to put together this practical collection of tips and tactics anyone can use for the safe, responsible and legal carrying of a concealed weapon.

More Guns, Less Crime

The one-stop-shop for prospective handgun buyers. The market for new handguns is expanding rapidly, and that's good news for consumers. Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun, whether you're a recreational shooter, a concealed carry permit holder, a hunter or a serious competitive shooter. Today's handguns offer superb machining and utilize some of the most technologically-advanced alloys, polymers and finishes to help make the current crop of handguns lightweight, accurate, durable, and affordable. This increase in product offerings stem from new interest in handguns, primarily as a result of nationwide issuance of concealed carry permits. As laws have been enacted that protect the rights of gun owners and defend our personal liberties, more and more new shooters are showing up on the range. But first-time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest. Pistol competitions have become more popular and more advanced, evolving from slow-fire matches at local gun clubs to modern IPSC, IDPA and 3-gun competitions. Handgun Buyer's Guide will help both the bewildered new shooter find their feet and purchase a handgun, find the best accessories, and locate a place to practice on hone their skills. You'll find all you need for owning a handgun in the Handgun Owner's Guide! Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Standard Catalog of Browning Firearms

Concealed Carry Bible A Complete Self Defense Guide A to Z There are too many books about self-defense and handguns, I know. I see them and read a few of them. But one thing I noticed lacking is how a gun can protect you in a self-defense situation. Most experts tell you what guns to buy, how to train with them, how to load them and how to shot them, but is that all you need to know? How do you find out when the time comes you will be able to pull the trigger? When I teach people about self-defense, I teach them about the ins and outs of handguns that are popular, how they work and what and how to fix common issues. But I hope that is not why you would read this book, I want to prepare you mentally, and physically and I want you to know all the laws that may affect you along with making you a master of concealed carry where you are comfortable, confident and will know when and how to use it if the time ever comes. I never thought my education and training would be put to test until one fateful day when I found myself in the middle of a gang related shoot out situation where I did have to draw my gun and use it. Let's just say I was little faster. That situation taught me a lot about the legal system and the abuse that goes on in the government everyday basis. But the important thing is I survived through it, and it made me a better person both as a human being and as an instructor who teaches self-defense through concealed carry. Regardless what you hear about declining crime rate, just remember the world population is growing at a much faster rate than the resources we survive on. When this happens you can imagine, more people will fight over the same resources than before. It won't surprise me if there will be a day when it will be "survival of the fittest" law meaning who has more strength, and power will win and have access to the resources. I am not trying to scare you; we are not there yet, it may never happen, but what if it does? Should we be ready? I believe we do. So if you can learn some basic self-defense handgun skills and learn to protect yourself and your family, it won't be such a bad thing would it? I

File Type PDF Shooters Bible Guide To Concealed Carry 2nd Edition A Beginners Guide To Armed Defense

tell my students, 97% of the people who carry guns will never have to use them on anyone, but it is there in case they ever need it. In my opinion, there is no harm in learning a new skill, specialty, if that skill can save lives. In This Book I Show You: The 50 State Laws for Concealed Carry Concealed carry and Ethics of Violence History of Concealed Carry in the USA What do you need to get ready for concealed carry How to Pick the Right Gun & Ammo Revolver Vs. Semi-Auto Pistol How to choose the right Caliber Using Laser Sights or not 3 Ways to Stop an Aggressor 6 Ways to Concealed Carry Top 10 Concealed Carry Firearms The ABC's of Shooting a firearm 14 Proper Shooting Checklist 5 Trigger Actions Common Gun Malfunction & Maintenance 5 Ways to Clearing Malfunctions What is Proper training for Concealed Carry 13 Concealed Carry Drill You Need to Master 12 Concealed Carry guidelines Legal Considerations You Should Know Using Deadly Force in Self Defense 10 Keywords to remember Know your 21 Foot Rule 20 Common Mistakes to Avoid 4 Must-Follow Rules for Concealed Carry while Travelling 11 Physical Handgun safeties What is Situational Awareness Be Safe.

Shooter's Bible Guide to Concealed Carry, 2nd Edition

This richly illustrated, non-technical reconstruction of "folk religion" in ancient Israel is based largely on recent archaeological evidence, but also incorporates biblical texts where possible.

Shooter's Bible Guide to Combat Handguns

Do you feel vulnerable in your own home? The Shooter ' s Bible Guide to Home Defense was written to help you trade in your fears for a feeling of vigilance, readiness, and pride. This is not a catalog of gimmicks, gadgets, and drills that only a Navy Seal can perform but an intense look at how to fortify your home discreetly and protect yourself from home invaders. Learn how to choose weapons and use them under stress. Gain legal perspective, sharpen your verbal defensive skills, and learn how to recognize criminal intent. If the current climate leaves you feeling abandoned and defenseless, the Shooter ' s Bible Guide to Home Defense can put you on the path to becoming a proud sentry at the gates of your castle. Firearm expert Roger Eckstine examines how to evaluate the premises, how to choose various security systems, and how to safely interact with aggressors should someone invade your home. Other topics include: Minimizing hiding places Body language and verbal judo Improvised weapons Fight versus flight Coping with children or the elderly during an attack Once again, renowned firearms expert Eckstine delivers helpful tips and provides valuable information. The purpose of this book is to familiarize yourself with the basics that you need to know to defend your home.

Shooter's Bible Guide to Cartridges

When it comes to the gun control debate, there are two kinds of data: data that's accurate, and data that left-wing billionaires, politicians, and media want you to believe is accurate. In The War on Guns, economist and gun rights advocate John Lott turns a skeptical eye to well-funded anti-gun studies and stories that perpetuate false statistics to frighten Americans into giving up their guns.

Shooter's Bible Guide to Tactical Firearms

Presents a guide to selecting, maintaining, and shooting handguns, including tips on various calibers of concealed carry handguns, instructions for maintenance and safety, and shooting range etiquette.

A Shooters Guide to Trapshooting

Gun Violence in America

Become a better long-range shot! How well can you shoot at 200 yards? 500? How about 1,000? L.P. Brenzy has taught many shooters the art of accurate, long range rifle work, and in Gun Digest Book of Long-Range Shooting he shares the skills and practice techniques that will put you on target. You learn: How to select the best rifle and caliber to make the shots you want to make How to select the proper bullet and loading information to get the best performance Practice techniques and how to keep the edge needed to routinely make long, accurate shots How to make accurate distance judgments without the use of high dollar electronics How to know your limitations in hunting situations and make ethical shots

The Nugget Shooter's Field Guide

Shooter's Bible, 110th Edition

If you are one of the millions of Americans who chooses to exercise your Second Amendment Right but haven't quite mastered the proper technique with guns, then this is the essential manual for you. It is your right to carry a firearm to protect yourself and your family. However, it is your responsibility to know how to operate that gun correctly and safely. Don't wait to be placed in a dangerous setting faced with an armed attacker. The updated second edition of the Shooter's Bible Guide to Concealed Carry is an all-encompassing resource that not only offers vital gun terminology, but also suggests which gun is the right fit for you and how to efficiently use the device properly, be it in public or home. Firearm expert Brad Fitzpatrick examines how to practice, how to correct mistakes, and how to safely challenge yourself when you have achieved basic skills. Included within is a comprehensive chart describing the various calibers for concealed carry, suitable instructions for maintaining it, and most importantly, expert step-by-step instructions for shooting. Once again, renowned firearms expert Fitzpatrick delivers poignant tips and provides valuable information. The purpose of this book is to familiarize yourself with firearms and to gain the confidence you need to protect yourself in the worst of situations. " My experience working with Skyhorse is always a positive collaboration. The editors are first-rate professionals, and my books receive top-shelf treatment. I truly appreciate our working relationship and hope it continues for years to come. "

– David Fischer, author

Shooter's Bible Guide to Knives

This book provides rules for the etiquette to be observed in the street, at table, in the ball room, evening party, and morning call; with full directions for polite or repudiation, dress, conversation, manly exercises, and accomplishments. Man was not intended to live like a bear or a hermit, apart from others of his own nature, and, philosophy and reason will each agree with me, that man was born for sociability and finds his true delight in society. Society is a word capable of many meanings, and used here in each and all of them. Society, par excellence; the world at large; the little clique to which he is bound by early ties; the companionship of friends or relatives; even society tete a tete with one dear sympathizing soul, are pleasant states for a man to be in. All in all this is a great book on etiquette. A great place to learn the rules of etiquette.

Concealed Carry Bible

The Book of Two Guns is a reference of principles and techniques for fighting with firearms, specifically the 1911 pistol and AR carbine.
