'[Airplanes] must come down eventually. They can land safely or they may crash. But airplanes don't just disappear Someone is hiding something.' - Dr. Mahathir Mohamad, Former Prime Minister of Malaysia. "This did not have to happen, there is technology to track these aircraft and everybody will say that, Boeing or Airbus." - Sir Tim Clark, CEO Emirates Airlines. "The Vienna - based Comprehensive Nuclear - Test - Ban Treaty Organization confirmed that neither an explosion nor a plane crash

on land or on water had been detected." - St é phane Dujarric, Spokesperson for United Nations Secretary - General Ban Ki - Moon. A year after the disappearance of Malaysia Airlines Flight 370, no sign of the plane has been found - no debris, no bodies and no black box. Richard Belzer, George Noory and David Wayne want to know why. As well as scrutinizing the theories for the disappearance put forward by governments and circulating in the media, Belzer, Noory and Wayne believe it's time to think outside the square. In this revealing book, they consider ten possible crash causes, including pilot error, hijacking and a shoot - down. Could this have been the work of extra - terrestrials, suicide by the pilots, or a stunt carried out by the CIA? Someone Is Hiding Something is the book the authorities don't want you to read. Whatever the truth may be, you are being misled - and it's time for it to stop.

Games and Lore of Young Americans

Published through the Recovering Languages and Literacies of the Americas initiative, supported by the Andrew W. Mellon Foundation. Dictionary of the Ponca People presents approximately five thousand words and definitions used by Ponca speakers from the late nineteenth century to the present. Until relatively recently, the Ponca language had been passed down solely as part of an oral tradition in which children learned the language at home by listening to their elders. Almost every family on the southern Ponca reservation in Oklahoma spoke the language fluently until the 1940s, when English began to replace the Ponca language as children entered government boarding schools and were forced to learn English. In response to demand, Ponca language classes are now being offered to children and adults as people seek to gain knowledge of this important link to tradition and culture. The approximately five thousand words in this volume encompass the main artery of the language heard and spoken by the parents and grandparents of the Ponca Council of Elders. Additional words are included, such as those related to modern devices and technology. This dictionary has been compiled at a time when the southern Poncas are initiating a new syntactic structure to the language, as few can speak a full sentence. This dictionary is not intended to recover a cultural period or practice but rather as a reference to the spoken language of the people.
