### Modern Loss

### At Rainbow Bridge

### Harper's Young People

Winner of the 2014 Helen Sheehan YA Book Prizelt's 1993, and the Teen Spirit Generation pulses to the hum of the grunge movement. Sixteen-year-old Maggie Lynch is plucked from her blue-collar Chicago neighborhood to a small town on the Irish Sea. Surviving off care-packages of Spin magazine and Twizzlers from her rocker uncle Kevin, she wonders if she'll ever find her place in this new world. When tragedy and first love simultaneously strike, Maggie embarks upon a forbidden quest to fulfill a dying wish. Her pilgrimage takes her from the coastal town of Bray to a dodgy youth hostel in Dublin and finally to a life-altering Nirvana concert in Rome. Maggie finds adventure, amazing music, and a mess of trouble, but also a previously untapped strength in herself to really live. Unlike other YA novels, this story is beautifully character-driven and devoid of far-fetched coincidence. It avoids the tropes of being set in nameless suburbia or told in a sardonic first-person voice. The time period will appeal to the counterculture teens of todaywho have posters of Kurt Cobain plastered on their walls as well as theolder set of readers who grew up with Maggie. Additional bonus features and suggested reading lists create an entire experience for any age."

From Printz Honor winner and Morris Award finalist Jessie Ann Foley comes a comitragic YA novel that will appeal to fans of Jandy Nelson and Jeff Zentner. As the youngest of eight, painfully average Pup Flanagan is used to flying under the radar. He 's barely passing his classes. He lets his longtime crush walk all over him. And he 's in no hurry to decide on a college path. The only person who ever made him think he could be more was his older brother Patrick. But that was before Patrick died suddenly, leaving Pup with a family who won 't talk about it and acquaintances who just keep saying, " sorry for your loss. " When Pup excels at a photography assignment he thought he 'd bomb, things start to come into focus. His dream girl shows her true colors. An unexpected friend exposes Pup to a whole new world, right under his nose. And the photograph that was supposed to show Pup a way out of his grief ultimately reveals someone else who is still stuck in their own. Someone with a secret regret Pup never could have imagined.

The definitive guide to Judaism ' s end-of-life rituals, revised and updated for Jews of all backgrounds and beliefs From caring for the dying to honoring the dead, Anita Diamant explains the Jewish practices that make mourning a loved one an opportunity to experience the full range of emotions—grief, anger, fear, guilt, relief—and take comfort in the idea that the memory of the deceased is bound up in our lives and actions. In Saying Kaddish you will find suggestions for conducting a funeral and for observing the shiva week, the shloshim month, the year of Kaddish, the annual yahrzeit, and the Yizkor service. There are also chapters on coping with particular losses—such as the death of a child and suicide—and on children as mourners, mourning non-Jewish loved ones, and the bereavement that accompanies miscarriage. Diamant also offers advice on how to apply traditional views of the sacredness of life to hospice and palliative care. Reflecting the ways that ancient rituals and customs have been adapted in light of contemporary wisdom and needs, she includes updated sections on taharah (preparation of the body for burial) and on using ritual immersion in a mikveh to mark the stages of bereavement. And, celebrating a Judaism that has become

inclusive and welcoming. Diamant highlights rituals, prayers, and customs that will be meaningful to Jews-by-choice, Jews of color, and LGBTQ Jews. Concluding chapters discuss Jewish perspectives on writing a will, creating healthcare directives, making final arrangements, and composing an ethical will.

### An Invisible Man

The five stages of grief are so deeply imbedded in our culture that no American can escape them. Every time we experience loss—a personal or national one—we hear them recited: denial, anger, bargaining, depression, and acceptance. The stages are invoked to explain everything from how we will recover from the death of a loved one to a sudden environmental catastrophe or to the trading away of a basketball star. But the stunning fact is that there is no validity to the stages that were proposed by psychiatrist Elisabeth K übler-Ross more than forty years ago. In *The Truth About Grief*, Ruth Davis Konigsberg shows how the five stages were based on no science but nonetheless became national myth. She explains that current research paints a completely different picture of how we actually grieve. It turns out people are pretty well programmed to get over loss. Grieving should not be a strictly regimented process, she argues; nor is the best remedy for pain always to examine it or express it at great length. The strength of Konigsberg ' s message is its liberating force: there is no manual to grieving; you can do it freestyle. In the course of clarifying our picture of grief, Konigsberg tells its history, revealing how social and cultural forces have shaped our approach to loss from the Gettysburg Address through 9/11. She examines how the American version of grief has spread to the rest of the world and contrasts it with the interpretations of other cultures—like the Chinese, who focus more on their bond with the deceased than on the emotional impact of bereavement. Konigsberg also offers a close look at K übler-Ross herself: who she borrowed from to come up with her theory, and how she went from being a pioneering psychiatrist to a New Age healer who sought the guidance of two spirits named Salem and Pedro and declared that death did not exist. Deeply researched and provocative, *The Truth About Grief* draws on history, culture, and science to upend our country ' s most entrenched beliefs about its most common experience.

This razor-sharp novel from Printz Honor winner and Morris Award finalist Jessie Ann Foley will appeal to fans of Rory Power and Mindy McGinnis. Mia is officially a Troubled Teen™— she gets bad grades, drinks too much, and has probably gone too far with too many guys. But she doesn't realize how out of control she seems until she is taken from her home in the middle of the night and sent away to Red Oak Academy, a therapeutic girls' boarding school in the middle of nowhere. While there, Mia is forced to confront her painful past at the same time she questions why she's at Red Oak. If she were a boy, would her behavior be considered wild enough to get sent away? But what happens when circumstances outside of her control compel Mia to make herself vulnerable enough to be truly seen? Challenging and thought-provoking, this stunning contemporary YA novel examines the ways society is stacked against teen girls and what one young woman will do to even the odds.

### How Could He Help It?, Or, The Heart Triumphant

Inspired by the website that the New York Times hailed as "redefining mourning," this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it 's clear we are navigating new terrain without a road map. Let 's face it: most of us have always had a difficult time talking about death and sharing our grief. We 're awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN 's Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty "how to" cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

A powerful coming-of-age story about a girl whose encounters with loss, broken friendships, and newfound faith leave her forever changed, from Printz Honor winner and Morris Award Finalist Jessie Ann Foley When Wendy Boychuck 's father, a Chicago cop, was escorted from their property in handcuffs, she knew her life would never be the same. Her father gets a years-long jail sentence, her family falls on hard times, and the whispers around their neighborhood are impossible to ignore. If that wasn ' t bad enough, she gets jumped walking home from a party one night. Wendy quickly realizes that in order to survive her father ' s reputation, she ' ll have to make one for herself. Then Wendy meets Kenzie Quintana—a foul-mouthed, Catholic uniform-skirt-hiking alpha—and she knows immediately that she ' s found her savior. Kenzie can provide Wendy with the kind of armor a girl needs when she ' s trying to outrun her father ' s past. Add two more mean girls to the mix—Sapphire and Emily—and Wendy has found herself in Academy of the Sacred Heart ' s most feared and revered clique. Makeover complete. But complete is far from what Wendy feels. Instead, she faces the highs and lows of a toxic friendship, the exhaustion that comes with keeping up appearances, and a shattering loss—the only one that could hurt more than losing herself.
