This edition of The Christian Prepper's Handbook contains a new cover design and over 100 pages of new and updated information. See my other books which include the Ebola Survival Guide, Sheltering-In-Place, The Prepper's Handbook - Second Edition, The Survival Triangle: Fire, and The Prepper's Survival Guide - An Introduction to Prepping and a Guide to Fire. Stuff Hits The Fan (SHTF). The End Of The World As We Know It (TEOTWAWKI). Without Rule Of Law (WROL). This is what Christian Preppers prepare for. Bug-out Vehicle (BOV), Bug-out Bag (BOB), and Bug-out Location (BOL). This is the language of the Christian Prepper. Christian Preppers find peace of mind knowing that they have the bible, food, water, rifles, pistols, ammunition, shelter, heat, energy, and the experience to survive. They have knowledge and relationships that provide skills to construct, engineer, grow, preserve, forage, hunt, provide electricity, teach, and balance the requirements of The Survival Triangle(c). In this edition of The Christian Prepper's Handbook I expand upon my original writings by providing significantly more detail and understanding of the prepper lifestyle. I describe and explore The Survival Triangle(c), Ten Commandments of Prepping, and Five Tenets of Prepping. If you have not read my books before you will find that I believe that the foundation of prepping is The Survival Triangle(c). The Survival Triangle(c) is a model outlining the requirements for a balanced approach to prepping while the Ten Commandments of Prepping provides a guiding belief of the prepper lifestyle. The Five Tenets of Prepping provides the framework, understanding, and importance of traditional and nontraditional prepper techniques and recommendations. From the beginner to the expert Christian prepper, this handbook will provide insight and understanding of how to insure the safety of your family, group, or church in a manmade or natural disaster. NOW is the time to begin the prepper lifestyle.

Survival: a Prepper's Guide on Living Without Electricity

Become a Fierce Survivalist Expert and Live off the Land! Are you worried about the possibility of a natural catastrophe, and want to be fully prepared to

keep your family safe? Do you often wonder what it would be like to go off the grid and leave a busy city life? This book will fully prepare you for a life in the wilderness! The climate on our planet is rapidly changing, and Mother Nature likes to strike when we least expect it. Tsunamis, earthquakes, hurricanes, floods, fires There are many ways life can throw you into a situation where you have to fend for yourself, without the help of modern technologies. The latest Coronavirus epidemic is just an example of how spending time in an isolated area can help you save your life. Imagine being able to go off, live comfortably in the wilderness, and wait for the troubles to pass. This incredible survival guide is made just for those who want to be ready for any natural or manmade disaster that might occur and break the daily routine you're used to! Just imagine how incredible it would be to camp somewhere completely isolated, surrounded by nothing but breath-taking nature. You'd be able to reconnect with yourself and people you love, and experience something most people never do while being safe and sound! Here's what this book has, and you need, to fully prepare yourself for a life in the wilderness: Guide on packing essentials - the best food, clothes, and tools you need (including tips on saving packing space) Live off the land techniques - how to find food and water in the wilderness and safety measures to take when going off the grid Emergency and safety guide - how to pack a survival kit and solutions for every unpredictable situation you might find yourself in Best wilderness survival tips - how to develop survival skills, adapt to any terrain, use nature as your compass and build bushcrafts And much more! Life and nature are unpredictable. Even if you don't live in an area often hit by natural catastrophes, you might find yourself in a situation where you're lost in the woods or worse. This book will help you prepare for and overcome those challenges by making sure you know how to use the gifts Mother Nature gave us! PREPPER Sale price. You will save 33% with this offer. Please hurry up! Preppers Guide to Safe Survival and Self-sufficient Living (survival books, survivalism, prepping, off grid, saving life, preppers pantry, help self) Are you prepared for the worst case scenario possible? Do you know what it takes to survive in an SHTF environment? Have you obtained a bug out location, made a plan for disasters, and stocked your medicine cabinet, as well as your pantry? If you've answered no to any of those questions, you might want to scroll up and grab a copy of this book. It has the latest information about bug out locations and how to find one, as well as how to prepare one. Having a place to go that's safe during an emergency could be the difference between you and your family surviving an SHTF event. With today's health concerns over the flu and other epidemics spreading across the globe, a scenario where you have to survive on your own is not that far out of the realm of possibilities. The financial system is not looking its best either and don't forget about the skyrocketing crime rate and unemployment rates. It doesn't have to be an asteroid heading for earth and destroying half the ecosystem that has you using your prepper's materials, it could be just a financial crisis where civil unrest has gotten out of hand. In this book, you'll find: Information on how to find and prepare a bug out location How to prepare for natural and unnatural disasters What should be in your first aid kit What you need in your prepper's pantry The basics of getting started And much more! A necessary addition to any prepper's or survivalists's shelf! A one-year food supply means freedom. It means that you are less subject to the whims of the economy or personal financial emergencies. You can handle small disasters with aplomb. You aren't reliant on the government if a crisis strikes. You can't be manipulated because your family is hungry. This edition provides to a detailed compendium of all things food storage. Geared towards preppers, it teaches you: Why everyone needs a food supply in their homes How much food you need How your pantry is directly related to your health The components of a perfect pantry Prepping for those with dietary restrictions A thrifty new way of shopping so you can afford to build your pantry How to store the food you purchase to extend the shelf life for as long as possible A week-by-week plan, complete with shopping lists and menu ideas How to save money by making items most people purchase ready-made at the store Pantry inventory and maintenance Where to store all of that food Bonus: 25 frugal and delicious recipes If you're new at this, you can take the most important step today--the step of getting started. You'll have a year's supply of food in no time at all! *This is the most updated and revised version of Daisy Luther's The Pantry Primer*

The Prepper's Guide to Surviving the End of the World, As We Know It

Creating an island of refuge in a sea of mayhem.

Survival Retreats

What you need to know to protect yourself and your family. The Ultimate Guide to Climate Change Survival is a hopeful survival guide to the impending climate disaster that, according to scientists and world leaders, is threatening the very fabric of society. With practical how-to knowledge borrowed from homesteaders, farmers, and survivalists, this book offers a realistic window into the necessary lifestyle of the future. In a world where food is difficult to grow, water is scarce, deadly storms and disasters are a common occurrence, and safety is no longer guaranteed through infrastructure, how can you protect your family and prepare them for a better life? With chapters on agriculture, energy, disease, security, and more, The Ultimate Guide to Climate Change Survival covers every aspect that will be affected by climate change. Discover how to connect a solar hot water heater to a wood stove hot water system, build a climate-controlled greenhouse, protect yourself from flu pandemics, create a food storage based on calorie needs, collect enough rainwater to water your garden in a drought, and hide your resources if law enforcement fails.

Doomsday Prepper Lessons

Survival

preppers pantry

The Prepper's Survival Guide

Guides readers in preparing for disasters, including developing plans, calculating how much water is needed, and making a disinfectant cleaner from emergency kit items.

Prepper's Survival Pantry

Most look at survival medicine as stocking up on some helpful over-the-counter medicines and coverings for wounds for their survival kit. However, survival medicine entails much more. To be adequately prepared, you must know what to do once your supplies run out. Survival medicine teaches you about common ailments, good over-the-counter medications to stock up on, and how to use your surroundings to make medicine in an emergency, by relying on herbs, berries, and other plants.

Survival Prepping

Disasters, natural or not, can happen at any time without any warning, or so little, that you cannot do anything about it. Except if you are already prepared! Knowing the things to do and what decisions to make to protect your loved ones and yourself has become crucial due to changing global climate, political tensions and other unforeseen events that could affect your livelihood. We all know we have to do it. Isn't it time to get it done? This book contains the basic information you need to become a prepper and to be ready when unfortunate disaster strikes. In this book you will learn: Why you should become a prepper What you need to do to get ready Identify potential risks and hazards Prepare an emergency plan and test it Hunkering down in your own home Build your emergency supplies including a prepper's pantry and water supply What is a bug-out bag and why you need it Securing supplies for your personal defense What you need to know to evacuate Sustainable living and long-term prepping, Emergency barter, and much more. Scroll back up and grab your copy today!

Prepper Supplies & Survival Guide: The Prepping Supplies, Gear & Food You Must Have To Survive

A STEP-BY-STEP, DON'T-OVERLOOK-ANYTHING WORKBOOK OF DIY PROJECTS THAT PREPARE HOME AND FAMILY FOR ANY LIFE-

How To Download eBook Survival A Preppers Guide To Life After The Crash

THREATENING CATASTROPHE The preparation you make for a hurricane, earthquake or other short-term disaster will not keep you alive in the event of widespread social collapse caused by pandemic, failure of the grid or other long-term crises. Government pamphlets and other prepping books tell you how to hold out through an emergency until services are restored. This book teaches you how to survive when nothing returns to normal for weeks, months or even years, including:

- Practical water collection for drinking and hygiene
- Storing, growing, hunting and foraging for food
- First aid and medical treatments when there's no doctor
- Techniques and tactics for fortifying and defending your home
- Community-building strategies for creating a new society

Prepper

Be prepared when real disaster strikes. Everyone believes that they have their life completely under control—until a major disaster hits. In an emergency, the fantasy of control collapses, along with everything that makes our lives normal. Only those who have planned ahead will survive. *Prepper Supplies & Survival Guide* will show you how you and your family can survive even the direst situations. To do so effectively, however, you'll need the right tools. *Prepper Supplies & Survival Guide* introduces you to the physical and mental tools and prepper supplies that can help save your life. *Prepper Supplies & Survival Guide* outlines the essential prepper supplies and tools of survival, with:

- An overview of the best strategies and prepper supplies for surviving any disaster
- Detailed prepper supplies checklists for your Go-Bag and your 72-Hour Kit
- Product reviews of essential prepper supplies—including flashlights, shelters, first aid, navigation gear, and fuel
- Price comparisons and online purchasing information for the most necessary prepper supplies
- Vital chapters on protecting your pets and prepping your motor vehicle
- Special tips for cooking outdoors, purifying water, storing gasoline, and making an emergency toilet

Preparing for a disaster requires bravery and logic. Everything else can be found in *Prepper Supplies & Survival Guide*.

The Ultimate Prepper's Guide

Are you looking for a solution for your nutrition during the lockdown? Then keep reading. In a disaster, most of the population could be panicking and have no clue how to react. Therefore, having a well-stocked survival pantry can be the difference between life and death. I understand this sounds very harsh but it is a reality. The truth is that disasters are happening all the time around us and we very rarely can predict when they occur. Just a few months ago New York lost power for a few days and people were left to rely on their pantries and survival preparations. Harkin back to Hurricane Katrina and we have an example of another crisis that seemingly came out of nowhere. We must be prepared and we must make sure we take care of ourselves and our families. Knowing the tricks to stockpile food might not look very important at the moment, but when a disaster strikes, it would be too late. For instance, perhaps there is an announcement of a tornado and the government has asked you to move to a safe location. The first safe location would be your basement. You and your family might be settled in the basement for, say, 12 hours. The first feeling would be thirst and then hunger. In such a situation, a well packed basement would be akin to a food heaven. You can also fill your vehicle with a survival pantry, in case you need to move away from the location for the time being. This would be essential in case of floods. You cannot hide in your basement if you are to escape from floods or earthquakes. People who have seen zombie movies and other apocalyptic movies know the importance of the survival pantry. This is something that even your 7-year-old son should know it. Read this e-book and get a gist of what to store, how to store, where to store and how not to prepare a survival pantry. This book covers the

How To Download eBook Survival A Preppers Guide To Life After The Crash

following topics: Food to Stockpile How to efficiently and safely store food Organizing the Pantry Prepping and Canning basics Weekly meal plan Food Safety During Emergencies And much more! It is good to plan ahead as to how you will provide food and water for your family before a disaster strike. Disasters include pandemics, fire, famine, floods, hurricanes, tornadoes, earthquakes, and more. The disaster could be of a bigger or smaller magnitude than you expect. The main objective of having emergency food and water supplies is to ensure that you are able to support your family's needs for a relatively long period of time. You can be in a position to manage all these by incorporating emergency buying into your normal shopping. In light of this, there are some considerations that need to be taken in mind when storing water or food for emergency use.

Prepper's Guide

When Disaster strikes, will you be ready? It's a question we've all asked ourselves, and a question that is answered in great detail by an author who has survived multiple disasters not by going to extreme measures, but by taking preparation one step at a time to ready his household, his community and his mind. If you've ever thought that preparation would be too difficult to manage, then the information in this book will be a pleasant surprise. You'll be guided through the basics of survival and the necessities for leading a successful and healthy transition through emergencies and beyond. If you thought there was nothing left for you to learn from yet another prepper's guide, then the premise of this book will be a refreshing breath of air. Rather than teaching you to hunker down and hide, Buck Collins invites you to stretch out and lead. Become not only self-sufficient, but also heroic by focusing on empowering yourself and those around you even in the most challenging circumstances. Rather than being another passive read to set on the shelf beside your edible plant references and the seven other survival books, this interactive book will help you to actively prepare your food, water and supplies, and it will teach you the value of the human spirit amidst the most terrifying and deadly circumstances. Here is just a fraction of what you'll learn from The Prepper's Survival Handbook: 10 foods to store and how best to keep them How to secure clean drinking water What to keep in your first-aid kit and how to deliver life-saving techniques even in harsh conditions How to maintain a healthy and functional household during duress 5 ways to support your children through all that will come up for them How to support yourself or others with disabilities or illnesses 8 tips to master your mind and maintain your mental health A step by step plan to develop and deliver an Emergency Plan both in your household and your community And it doesn't stop there! Don't be another hoarder, holed up in the pandemic of fear. Become a hero for yourself and your loved ones. Your efforts and your vision will contribute to a world of properly prepared people who can teach, lead, and prosper regardless of what Mother Nature and mankind can throw at you! Order this book now and find out what it takes to become a truly prepped survivalist before it's too late.

Urban Prepper

Prepper PLUS free book inside> Survival Pantry Ever thought about what would happen if a major disaster occurred and you weren't prepared? Do you know how to prepare for a catastrophe Have you got the survival skills you need? Well you're about to discover how to PREP for any situation! Disasters can come in any form and at any time. Worse still, they are quite likely to strike you when you are least prepared to welcome them. And when a disaster does hit you, especially if it's a strong, devastating one, you are likely to succumb to its fierce blow. Even if you do manage to survive the initial attack, you won't be able to last for a long time if you haven't prepared beforehand for it. The extreme weather conditions, lack of the 'normal' food supply, lack of

How To Download eBook Survival A Preppers Guide To Life After The Crash

proper shelter, inability to make a fire, attacks from other people and animals and a lot more can cause slow and painful death such that you wish you could just have died when the disaster first hit. Keep in mind that you can only survive for about 3 minutes without air, 3 hours without a synchronized body temperature, 3 days without water, and about 3 weeks without food. This means that if you are to survive post disaster, you must ensure that you get all these items in their order of importance otherwise you won't live long enough until help comes your way. Preparing for all sorts of natural disasters, calamities, and catastrophes is incredibly important if you want to live longer. This is where prepping comes in. Prepping refers to preparing in advance for possible catastrophes or emergencies that can threaten your survival. You can think of prepping as simply the art of living your life normally today while you are preparing yourself for any possible disaster, which may strike any time. Prepping is typically done by stocking food, medicines, important survival tools, ammunition, and different necessary supplies that can help you fight a calamity successfully and endure its harsh intensity as well as the side effects. You have seen what tsunamis, earthquakes and hurricanes have done to millions of people across the globe, right? Many weren't able to live through those turbulent times, but there were some who were successful in staying alive. The secret to their survival is prepping. If you don't want to perish when a disaster strikes you and want to help your family endure the calamity too, then you must learn and practice how to prep for various disasters the right way. This Is What You'll Discover Inside Getting Started with Prepping Setting Up The Ultimate Survival Kit Your Emergency Bug Out Bag Tips On How To Prepare Food For Storage Dealing With Anarchy and Uncontrolled Chaos, Disease Outbreak and Radiological Contamination Clothing & Personal Hygiene Free Bonus And Much, much more! "The focus of this book is to define who and what a prepper is and to provide an understanding of the element "fire" as modeled and required by the Survival Triangle."--back cover.

Be a Prepper *** Large Print Edition***

Have you dreamed of leaving your fast-paced, high stress world for one that is more laid back? Do you want to leave behind the financial hardships of working day in and day out and barely making enough to put food on the table? If you answered yes, living off the grid is the answer! Getting off the grid and transitioning to a self-sustaining lifestyle that gives you financial freedom is one way for you to enjoy life more. Learning how to grow your own food and living without some of the luxuries in life will give you financial peace of mind without destroying your quality of life. When you make the leap to going off the grid and relying only on the sun for your energy needs, you are making a conscious choice to do something good for the environment and your bank account. Raising livestock on your own land is one way to ensure your food is healthy as well as extremely cheap! The satisfaction of knowing you can provide for yourself without relying on city and government services is worth every penny of the initial investment to go off the grid. This book will help you make decisions about what you need to go off the grid and thrive.

Survival Medicine & First Aid

Defend what's yours when catastrophe strikes with expert tips that go beyond food and water storage. Should a national disaster occur, how will you respond? What will occur when critical societal services cease to function? As a prepper, you will likely be ready to hole up and live off of your stored supplies, at least for a while. But what do you do during that time? What are your next steps? And how do you defend yourself against others who have not prepared for such a disaster? After the Crash covers all the situations that you may face when the lack of governmental infrastructure leads to social upheaval and chaos. Since most of the population is unprepared for a disaster of any kind, this book gives both the trained and untrained prepper valuable information needed to have any chance of survival in a world where organized government assistance may not be available. Importantly, he details the crucial steps you need to take in addition to doing everything other survival manuals advise. These critical tips go beyond stockpiling food, water, and weapons. Offering battle-proven advice, Steve Mattoon explores what it takes to survive alone versus in groups, each approach presenting its own advantages and challenges. Discover how best to defend yourself, what to use, and how to most effectively use the tools you have at your disposal. Whether you find yourself in a rural area or an urban jungle, Steve Mattoon's After the Crash will prove an essential addition to any prepper's bug-out bag.

Prepper

Prepper's Guide

Plan . Prepare . Survive! A practical low-cost prepping blueprint that will teach you how to survive the end of the world, as we know it, with easy to follow step-by-step instructions to guide you every step of the way. It should be common knowledge, to anyone with a brain and common sense that the world that we live in can be thrown into chaos at any moment by natural disaster, economic collapse, electromagnetic pulse, viral pandemic, or any number of other disasters Even the federal government suggests everyone have a "survival kit" on hand at all times, however, they only recommend a three-day to a one-week supply of essential items, which is not sufficient to protect you and your family after an end of the world as we know it event strikes. But, where do you start? You start With The Prepper's Guide to Surviving the End of the World as We Know It - this must read 176-page paperback prepper book teaches you how to survive even if things never return to normal.

Survival

The Ultimate Preppers' Guide is packed with practical approaches, step-by-step instructions, and how-to explanations for disaster and emergency preparation. Knowledge maps, flow charts, and templates provide important information at a glance and walk you through your decisions on personalizing and customizing disaster preparation for you, the family, and your business. The Ultimate Preppers' Guide is logically organized, easy to reference, and simple to understand. It provides diverse coverage of disaster prep topics, including a comprehensive look at disaster first aid and medical problems where there are no responders or hospitals immediately available. This book brings you up to date on emerging prep trends and technologies and examines what works and what doesn't. It explains how to prep with the budget you have and with many of the materials you already have at hand. It includes chapters on basic preparedness, communications, resource conservation, power and energy, emergency heating and cooling, water, food and nutrition, shelter, evacuation, public health, special needs, and specific hazards. This book will not just get you ready beforehand. When a disaster has happened, it will provide ideas for surviving, coping, and recovering.

The Prepper's Water Survival Guide

Survival Medicine & First Aid: The Leading Prepper's Guide to Survive Medical Emergencies in Tough Survival Situations

Take the initiative and be ready to survive! Could you survive the end of the world as we know it? The Ultimate Prepper's Survival Guide will set you on the path to learning all the skills you will need to survive full societal collapse. We live in precarious times, and sensible people all around the world are recognizing that preparedness could mean the difference between life and death. Author John Wesley Rawles—one of the world's leading survivalist experts—explains how to survive in the short term as society begins to collapse, and how to thrive in the long term. Practical, easy-to-follow instructions are included to instruct you on the preparations you can make today, as well as advice on the mental and emotional resilience required to help you not just cope but prosper in the new world.

The Preppers Survival Handbook

Be prepared and become a master survivor and mental master! Book 1: We've all seen the TV shows, and we all know it could come down to this: Survival in the wild. When you're on your own, away from civilization, you must know what to do, or you will die. Understanding our physical bodies, what they need, and what nature provides, lies at the basis of getting through a desert, jungle, or mountain climate or landscape. Book 2: The undead are all over the streets. The apocalypse has begun, and you're left to squander for food, fuel, weapons, or any tradable and usable goods to survive and not turn into a zombie yourself. Just in case an epidemic spreads across the globe and turns this dystopian fantasy into a reality, a guide has been constructed to help you prepare. Book 3: It's not a matter of if but of WHEN a zombie outbreak hits the world. When it does, you will be happy that you took the time to read this brief book of information, and you can rub it into all the zombies' faces, because they got bitten and turned into the undead in the blink of an eye. But not you! You'll know what to do! Book 4: The brain is the most important factor that determines our success. How well we handle the emotions caused by physical changes, how calm we can stay when panic hits our mind, and determined we are to persevere when times get tough; those are things we need to control before we focus on any mechanics. Book 5: If only we could control ourselves and direct our bodies to accomplish more; that's what this guide is all about. Too many people are not in charge of what they do and say. To be the master of your own self is one of life's true purposes. Book 6: It has become possible for a larger group of people: To travel the entire world with a single backpack, some items, and a limited amount of money. Some people still show off their income when travelling, but even with a low budget, "backpacking" is an affordable, doable way of living. And yes, you can also make money online while doing it. Book 7: Many people have no clue what to do when they're camping. When this is the case, it can turn into a boring, frustrating downgrade from a hotel room, or even your own home. But camping can be fun and interesting in a variety of ways. Learn to make the most of your experience in nature and become a super camper! Book 8: You've probably heard of the Illuminati, of the Denver Airport, or Area 51, but there are a lot more conspiracy theories out there. Some simply remained theories, and others turned out to be real. After all, not everybody makes things up from scratch, do they? Most theories are based on a fraction of truth and some are completely true. In this book, we will expand on some minor and major conspiracy

How To Download eBook Survival A Preppers Guide To Life After The Crash

theories that have been kept secret in dark places. Book 9: The Scout motto is "Be prepared." Still, a large group of people doesn't think it's a big deal to have a storage, know something about emergency kits, or prepare just in case well, a big hurricane floods the city or forest fire hits your hometown. Book 10: What if someone suddenly had an accident, was drowning, couldn't breathe, had a burning wound, or was bleeding to death? After you finish, you'll be fully equipped with the bare essentials, the things everyone should know if there is an emergency situation. Book 11: The world is a dangerous place. Muggers, robbers, thieves, rapists, and murderers roam the streets, and we're not even talking about simple dumb people who want to pick a fight or drank a little too much and lost their temper. Self-defense can be done with a clean conscience, and should be learned by anyone who finds him- or herself on the street, especially in the evenings.

The Ultimate Guide to Climate Change Survival

This edition of The Prepper's Handbook contains a new cover design and over 100 pages of new and updated information. See my other books which include The Ebola Survival Guide, Sheltering-In-Place, The Christian Prepper's Handbook - Second Edition, The Survival Triangle: Fire, and The Prepper's Survival Guide - An Introduction to Prepping and a Guide to Fire. Shit Hits The Fan (SHTF). The End Of The World As We Know It (TEOTWAWKI). Without Rule Of Law (WROL). This is what Preppers prepare for. Bug-out Vehicle (BOV), Bug-out Bag (BOB), and Bug-out Location (BOL). This is the language of the Prepper. Preppers find peace of mind knowing that they have food, water, rifles, pistols, ammunition, shelter, heat, energy, and the experience to survive. They have knowledge and relationships that provide skills to construct, engineer, grow, preserve, forage, hunt, provide electricity, teach, and balance the requirements of The Survival Triangle©. In this edition of The Prepper's Handbook I expand upon my original writings by providing significantly more detail and understanding of the prepper lifestyle. I describe and explore The Survival Triangle© including the Ten Commandments and Five Tenets of Prepping. If you have not read my books before you will find that I believe that the foundation of prepping is The Survival Triangle©. The Survival Triangle© is a model outlining the requirements for a balanced approach to prepping while the Ten Commandments of Prepping provides a guiding belief of the prepper lifestyle. The Five Tenets of Prepping provides the framework, understanding, and importance of traditional and nontraditional prepper techniques and recommendations. From the beginner to the expert prepper, this handbook will provide insight and understanding of how to insure the safety of your family, group, or organization in a manmade or natural disaster. NOW is the time to begin the prepper lifestyle.

Prepper's Survival Medicine Handbook

NO SOURCE IS LEFT UNTAPPED IN THIS ALL-ENCOMPASSING GUIDE TO SUPPLYING LIFE-SAVING WATER AFTER A DISASTER You can survive up to three weeks without food, but only three days without water! When catastrophe strikes, having enough water can spell the difference between life and death. The Prepper's Water Survival Guide offers a step-by-step plan with straightforward information you can easily follow. Thanks to this book's laser-focus on water, you'll quickly learn how to: □Store fresh water □Collect rainwater □Purify water from lakes & rivers □Dig a well for groundwater In addition to harvesting water, you'll gain the tools to keep large stores untainted for long periods of time, test the water you collect for dangerous toxins, and treat water-related illnesses that are commonly contracted during a disaster.
