Textiles at the RCA is a multi-faceted discipline, and we work at the
creative interface between materials, making and meaning. Our focus is
on new knowledge that impacts many sectors, exploring new territories
for tomorrow's textiles specialist.

We are a small family company with one big love. Textiles!

Textiles 2030 is a voluntary agreement, to be funded by its signatories and government. Signatories will collaborate on carbon, water and circular textile targets, and also contribute to national policy discussions with UK governments to shape Extended Producer

Responsibility and other critical regulatory developments.

Home - The Textile Institute

Textile structures derive from two sources, ancient handicrafts and modern scientific invention. The earliest were nets, produced from one thread and employing a single repeated movement to form loops, and basketry, the interlacing of flexible reeds, cane, or other suitable materials.

KS2 Art and Design Textiles learning resources for adults, children, parents and teachers.

AQA | Art and Design | Subject content | Textile design

Textiles are then formed by weaving, knitting, crocheting, knotting, tatting, felting, bonding or braiding these yarns together. The related words "fabric" and "cloth" and "material" are often used in textile assembly trades (such as tailoring and dressmaking) as synonyms for textile. However, there are subtle differences in these terms in specialized usage. A textile is any material made of
