The Rise and Fall of the Nephilim

Firefly, one of the river people, yearns to tattoo giants, just like her mother. But when a rogue giant kidnaps her mother, Firefly faces grave danger as her home and everything she knows and loves collapses. She must find the courage to survive in a new world built on the destruction of the old.

Walk Like a Giant, Sell Like a Madman

Jack the Giant Killer (Illustrated)

Shy, awkward Bastian is amazed to discover that he has become a character in the mysterious book he is reading and that he has an important mission to fulfill.

There Were Giants Upon the Earth

Jack the Giant Killer is the famous English fairy tale about a brave lad slaying hideous giants. Color illustrations by Hugh Thomson.

Before Philosophy, the Intellectual Adventure of Ancient Man

David and Goliath

A study of the substantial evidence for a former race of giants in North America and its 150-year suppression by the Smithsonian Institution • Shows how thousands of giant skeletons have been found, particularly in the Mississippi Valley, as well as the ruins of the giants' cities • Explores 400 years of giant finds, including newspaper articles, first person accounts, state historical records, and illustrated field reports • Reveals the Stonehenge-era megalithic burial complex on Catalina Island with over 4,000 giant skeletons, including kings more than 9 feet tall • Includes more than 100 rare photographs and illustrations of the lost evidence Drawing on 400 years of newspaper articles and photos, first person accounts, state historical records, and illustrated field reports, Richard J. Dewhurst reveals not only that

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

North America was once ruled by an advanced race of giants but also that the Smithsonian has been actively suppressing the physical evidence for nearly 150 years. He shows how thousands of giant skeletons have been unearthed at Mound Builder sites across the continent, only to disappear from the historical record. He examines other concealed giant discoveries, such as the giant mummies found in Spirit Cave, Nevada, wrapped in fine textiles and dating to 8000 BCE; the hundreds of red-haired bog mummies found at sinkhole "cenotes" on the west coast of Florida and dating to 7500 BCE; and the ruins of the giants' cities with populations in excess of 100,000 in Arizona, Oklahoma, Alabama, and Louisiana. Dewhurst shows how this suppression began shortly after the Civil War and transformed into an outright cover-up in 1879 when Major John Wesley Powell was appointed Smithsonian director, launching a strict pro-evolution, pro-Manifest Destiny agenda. He also reveals the 1920s' discovery on Catalina Island of a megalithic burial complex with 6,000 years of continuous burials and over 4,000 skeletons, including a succession of kings and queens, some more than 9 feet tall--the evidence for which is hidden in the restricted-access evidence rooms at the Smithsonian.

Fingerprints of the Gods

America's #1 salesman shows you how to sell anything! Some of the secrets he shares in this book include: identifying the real decision maker--it's not always who you think it is; how to think and act like an entrepreneur -- with stunning results; listening to what people are really asking for -- and giving it to them; the art of self-promotion -- techniques you never thought of!; and creating efficient office systems -- is technology working for or against you? You'll be inspired by Ralph's quest to be the best and how he overcame the stumbling blocks in his way. You will be equipped with proven, identifiable skills to increase your sales.

The History of the Decline and Fall of the Roman Empire

The Encyclopedia of Ancient Giants in North America chronicles two distinct waves of giant humans migrating to North America. As early as 7,000 B.C., strange people arrived on the North American shores of gigantic size with Neanderthal looking skulls. Their spread across the American landscape is documented not only by their massive skeletons but by an identical material culture that was found buried with their remains. Double rows of teeth and skulls with protruding horns make them one of America's most intriguing mysteries. At the advent of the Bronze Age another migration of giant humans found their way to North America. A persistent legend exists with Native Americans of a people who came to trade and mine the copper from the Upper Great Lakes. They left an indelible mark upon the landscape of the Ohio Valley with their large burial mounds and earthworks aligned to solar, lunar and stellar events. The measurements of these works reveal that they were constructed with the knowledge of advanced mathematics. The discovery of giant humans in North America is the result of pouring through over 10,000 State, County and Township histories at one of the largest genealogical libraries in America. Hundreds of additional accounts were also found within newspaper archives. The result is the Largest Compilation of Giant Human Skeletons Discovered in North America in Print. 888 Human Giants Giants in 47 States Mass Graves of Ancient Dwarfs Fairies and Paranormal Activity at Burial Mounds and Earthworks Giant Mummies

The Last Giant

In the Maynards' side yard at Rockwell, a swingful of children was slowly swaying back and forth. The swing was one of those big double wooden affairs that hold four people, so the Maynards just filled it comfortably. It was a lovely soft summer day in the very beginning of June; the kind of day that makes anybody feel happy but a little bit subdued. The kind of day when the sky is so blue, and the air so clear,

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

that everything seems dreamy and quiet. But the Maynard children were little, if any, affected by the atmosphere, and though they did seem a trifle subdued, it was a most unusual state of things, and was brought about by reasons far more definite than sky or atmosphere.

When Giants Ruled the Earth

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. “ A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought. ” —Kirkus Reviews In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind ’ s hidden past. In ancient monuments as far apart as Egypt ’ s Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico ’ s awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. “ Readers will hugely enjoy their quest in these pages of inspired storytelling. ” —The Times (UK)

The Anunnaki Chronicles

Malcolm Gladwell's provocative new #1 bestseller -- now in paperback. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a pebble and a sling—and ever since, the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he? In *DAVID AND GOLIATH*, Malcolm Gladwell challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, suffer from a disability, lose a parent, attend a mediocre school, or endure any number of other apparent setbacks. In the tradition of Gladwell's previous bestsellers—*The Tipping Point*, *Blink*, *Outliers* and *What the Dog Saw*—*DAVID AND GOLIATH* draws upon history, psychology and powerful story-telling to reshape the way we think of the world around us.

Defeating Your Giants

Take a journey with the artist and writer Petar Meseldzija, who tells how he was allowed unparalleled access through the Invisible Curtain and into the land of giants. A year in the making, this book ’ s sixteen paintings and nearly ninety drawings bring to life Petar ’ s experiences on this journey and secrets uncovered, going back to ancient times. He shares stories of new discoveries that free giants from the murky abyss of myth and a forgotten past. Told in three stages, *The Book of Giants* includes the illustrated stories *The Giants Are Coming*, recounting a dynamic clash that lasted one hundred years; *The Little Kingdom*, where a giant befriends a nation of humans and becomes their adamant protector against ferocious invaders; *The Northern Giants*, who embrace the warrior spirit through countless battles; *Giant Velles*, the story of ignorance and how the strength of goodness perseveres; and *The Great Forest*, wherein the author discovers little creatures called the keppetz and relates his experiences spent with ogres while on his quest to meet the Golden One and to determine the purpose of his journey.

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

Through the strength of his own power, he discovers his blessings, his limitations and finally his personal myth. Furthermore, you will discover why giants made a push into the underground, followed by their exodus and deliverance to a new land. You ' ll also learn why the myth of giants is still alive, why their time spent with humans remains elusive and why giants prefer to remain hidden in their world. Join Petar Meseldzija on his journey of discovery.

The Encyclopedia of Ancient Giants in North America

Giants ruled the earth thousands of years ago. The evidence is astounding. Here it is. Around the world we find evidence of this important group of people that controlled most of the world's population at one time. The book also goes into over 100 ancient giant skeletons that have been found in the United States over the years. If you didn't know about the giants, you should be mad enough to read this book.

Founding Fathers, Secret Societies

The discovery of a mysterious object in the U.S. Capitol building and a subsequent kidnapping lead Harvard symbologist Robert Langdon into a web of mysterious codes, secret locations, and hidden knowledge.

The Ancient Giants Who Ruled America

Over the centuries, researchers have found bones and artifacts proving that humans like us have existed for millions of years; the author argues, however, that mainstream science has suppressed these facts and that prejudices based on current scientific theory act as a "knowledge filter," giving us a picture of prehistory that is largely incorrect.

The Lost Symbol

A thorough examination of the Kennewick Man human remains by forensic anthropologists, archaeologists, geologists, and geochemists reveals the secrets of one of the earliest human occupants of North America.

Kennewick Man

An insider ' s look into the decades of research behind Zecharia Sitchin ' s books as well as an in-depth overview of his theories and discoveries • Includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures • Each piece includes an introduction, offering context and insight into Sitchin ' s passionate work and revealing the man behind the theories • Explains the genesis of The 12th Planet, the Anunnaki influences on the Sumerian civilization, the orbit of Nibiru, the prehistory of the Americas, the extraterrestrial origins of modern man, and much more What if the tales from the Old Testament and other ancient writings, such as those from Sumer, Babylon, Egypt, and Greece, were not myths or allegory but accounts of actual historical events? Known for his ability to read and interpret ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) took the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that they revealed a coherent narrative about the true origins of humanity and civilization. Drawing both widespread interest and criticism, his Earth Chronicles series of books, beginning with The 12th Planet, detailed how humanity arose after the arrival of the Anunnaki (" those who from Heaven to Earth came "), alien " gods " who created modern man in their own image and imparted gifts of civilizing knowledge. Providing an insider ' s look into the decades of

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

research behind Zecharia Sitchin ' s complete works as well as an in-depth overview of his theories, this collection includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures. We learn about the genesis of The 12th Planet in " The Book as a Story, " the Sumerians and their Anunnaki influences in " The Sudden Civilization, " the orbit of Nibiru in " UFOs, Pyramids, and the 12th Planet, " the prehistory of the Americas in " Cities Lost and Found, " the extraterrestrial origins of modern man in " The Cosmic Connection--DNA, " and much more. We get to read never-before-published lectures, culled from Sitchin ' s decades of presentations, as well as the article that spurred the writing of There Were Giants Upon the Earth. Each piece includes an introduction by Sitchin ' s niece, offering context and insight into Sitchin ' s passionate work. These introductions reveal the man behind the theories, a world traveler known for his scholarship, dry humor, and precisely chosen words. If his theories are true, as Sitchin wholeheartedly believed, then this collection presents some of the most important knowledge we have of our origins and future.

The Suppressed History of America

Take a stand against the giants in this adventure for the world s greatest roleplaying game Giants have emerged from their strongholds to threaten civilization as never before. Hill giants are stealing all the grain and livestock they can while stone giants have been scouring settlements that have been around forever. Fire giants are press-ganging the smallfolk into the desert, while frost giant longships have been pillaging along the Sword Coast. Even the elusive cloud giants have been witnessed, their wondrous floating cities appearing above Waterdeep and Baldur s Gate. Where is the storm giant King Hekaton, who is tasked with keeping order among the giants? The humans, dwarves, elves, and other small folk of the Sword Coast will be crushed underfoot from the onslaught of these giant foes. The only chance at survival is for the small folk to work together to investigate this invasion and harness the power of rune magic, the giants weapon against their ancient enemy the dragons. The only way the people of Faerun can restore order is to use the giants own power against them. To defeat giants, you need to be giant!"

Storm King's Thunder

Aristotle's "Politics" is the best work ever written on the concepts that help shape countries of the world and their governments. Although he strongly supports the out-dated institution of slavery, his views on constitution and running of government are classical. Though he discusses Greek city-states and institutions of that era, his work forms the basis of modern-day political science.

Forbidden Archeology

The Myth of Sisyphus

Over a 200-year period thousands of newspaper reports, town and county histories, letters, photos, diaries, and scientific journals have documented the existence of an ancient race of giants in North America. Extremely large skeletons ranging from 7 feet up to a staggering 18 feet tall have been reportedly uncovered in prehistoric mounds, burial chambers, caves, geometric earthworks, and ancient battlefields. Strange anatomic anomalies such as double rows of teeth, horned skulls, massive jaws that fit over a modern face, and elongated skulls have also been reported. Many of these discoveries were sent to the Smithsonian Institution in Washington D.C., seemingly never to be heard about again. The Smithsonian's own records describe at least 17 giant skeletons in annual reports. This book examines a possible cover-up initiated by Smithsonian scientists starting in the late 1800s. The origins of "the tall ones" has been shrouded in mystery for centuries, but this book reveals where they came from, why they

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

got so large, and the reason for their downfall, using the latest scientific research, genetic data, native myths, news reports, and ethnological research. This has become one of the most gripping stories of the last few centuries and for the first time the truth of the giants of North America has been revealed. This book also reveals: How early explorers to America witnessed these giants firsthand, including Sir Francis Drake, John Smith and even some of the early presidents; Legends and myths that talk of cannibalistic, red-haired giants; Strange inscriptions, metal armor, mummified remains, and sophisticated technologies buried with the skeletons; How secret societies such as the Rosicrucians, Freemasons and Theosophists all claim the existence of giant humans in the past as historical fact in their literature; and How the giants may be connected to the Denisovans from Siberia, the Nephilim of Bible tradition, and other ancient cultures.

When Giants Were Upon the Earth

An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them • Provides archaeological proof of giants, the fountain of youth, and descriptions from Lewis ' s journals of a tribe of “ nearly white, blue-eyed ” Indians • Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbean • Investigates the Smithsonian conspiracy to cover up Lewis and Clark ' s discoveries and what lead to Lewis ' s murder Meriwether Lewis discovered far more than the history books tell--ancient civilizations, strange monuments, “ nearly white, blue-eyed ” Indians, and evidence that the American continent was visited long before the first European settlers arrived. And he was murdered to keep it all secret. Examining the shadows and cracks between America ' s official version of history, Xaviant Haze and Paul Schrag propose that the America of old taught in schools is not the America that was discovered by Lewis and Clark and other early explorers. Investigating the discoveries of Spanish conquistadors and Olmec stories of contact with European-like natives, the authors uncover evidence of explorers from Europe and Asia prior to Columbus, sophisticated ancient civilizations in North America and the Caribbean, the fountain of youth, and a long-extinct race of giants. Verifying stories from Lewis ' s journals with modern archaeological finds, geological studies, 18th- and 19th-century newspapers, and accounts of the world in the days of Columbus, the authors reveal how Lewis and Clark ' s finds infuriated powerful interests in Washington--including the Smithsonian Institution--culminating in the murder of Meriwether Lewis.

When China Rules the World

I have been a digital photographer since 2003. I plan to release a series of ART NUDE and NON-NUDE PHOTO ARCHIVES featuring a few of my favorite models from around the country so that my fans can enjoy some of the beauty I have been fortunate to capture over the years. I have always enjoyed capturing the raw natural beauty of everyday women as they embrace their own confidence. This vibe comes through in my photography as well as my drawings and paintings. All natural, little to no touch-ups so you as the fan can experience the raw essences in it's purest form.

When Women Ruled the World

Read this book and have your eyes opened to the end-time shifts that await mankind.

Lost Race of the Giants

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

The Book of Giants

Who invented God? When, why, and where? Thomas Römer seeks to answer these enigmatic questions about the deity of the great monotheisms—Yhwh, God, or Allah—by tracing Israelite beliefs and their context from the Bronze Age to the end of the Old Testament period in the third century BCE, in a masterpiece of detective work and exposition.

Mysteries of Ancient America

Among the first seven scrolls discovered in the caves of Qumran at the Dead Sea is a scroll given the name, "The Book of Giants." It is thought to have been based on the Book of Enoch, a pseudepigraphical Jewish work from the 3rd century BCE. The Book of Giants, like the Book of Enoch, concerns itself with the Nephilim, which are the offspring of fallen angels, who are called the Watchers. Two main versions of the text exist. The Dead Sea version is written in Aramaic. Another version has been found written in middle Persian, adapted from the Aramaic to fit into the Manichean religion. Both versions will be examined. Following theories speculating that the Book of Giants was once part of the Book of Enoch, we will attempt to place the two texts back together to render the complete story of the Watchers and the Nephilim. We will discover the history and contributions of these ancient scrolls and look carefully at their content and meaning. Throughout the combined texts of the Book of Giants and the Book of Enoch we will examine all the biblical and apocryphal references and parallels within the text. The result is an in-depth and panoramic view of the Angels, the Watchers, and the Nephilim, and how one of the giants of the Nephilim race may have survived the flood intended to cleanse the Earth of their horror.

A Wrinkle in Time

The Invention of God

The alien influences behind the rise and fall of Egypt ' s Golden Age • Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity technologies • Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs • Explores the original purpose of the pyramids--to transmit energy to expand consciousness--and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight, complete with advanced levels of art, agriculture, astronomy, and physics. Then, with the death of Pharaoh Akhenaten, much of this higher knowledge was lost--or suppressed. But evidence of this former Golden Age, the alien visitors behind its rise, and those behind its decline still exists--some of it in plain sight. Examining the purposefully obscured reign of Akhenaten and Nefertiti, Xaviant Haze

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

explains how they represent the last dynasty with access to the sacred knowledge of stargates, free energy, and antigravity technologies, knowledge handed down from an advanced interstellar race in the remote past. He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake--a secret society set on destroying Akhenaten ' s flourishing kingdom and suppressing the sacred knowledge of the pharaohs. Haze examines the evidence of aliens in ancient Egypt, such as the reptilian beings depicted in the Temple of Hathor and Thutmose III ' s alien encounter. He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars, including the Martian materials used in Egyptian monuments. He explains the original purpose of the pyramids--to transmit uplifting energy throughout the planet to help expand consciousness--and explores how they were decommissioned after the Great Flood of prehistory. He reveals how the original builders of the pyramids foresaw humanity ' s fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages.

Giants, Fallen Angels, and the Return of the Nephilim

The Biblical fantasy novel series Chronicles of the Nephilim has changed the landscape of Evangelical imagination. Author Brian Godawa shares the Biblical and ancient historical and mythical research that undergirds the fiction. For those who want serious study of the topics of the Watchers, Nephilim, and the Biblical Cosmic War of the Seed.

Business Ethics

The ancient books of Genesis and Enoch tell us that spirit beings known as the Watchers descended to the Earth, had sex with women, and begat a hybrid race of offspring known as the Nephilim. Such tales are as old as humanity itself. These histories and accounts of visitations and subsequent mixed-blood, alien-human races comprise the bulk of the world's myths, legends, religions, and superstitions. The Rise and Fall of the Nephilim examines: Elohim and the Bene Ha Elohim—God and the Sons of God The Watchers: UFOs, extraterrestrials, angels, infiltrators, and impregnators Biblical and apocryphal sources from Enoch to Moses The role of the Fae, Elves, Elementals, and ancient gods What if the old spiritualities and religions weren ' t just legends? What if there was something living and breathing beneath the surface, a tangible interlinking of religious thought and spirituality, science and myth, inter-dimensionality and cold, hard fact? The Nephilim walked among us and still do today.

The Odyssey of Homer

In this profound and moving philosophical statement, Camus poses the fundamental question: Is life worth living? If human existence holds no significance, what can keep us from suicide? As Camus argues, if there is no God to give meaning to our lives, humans must take on that purpose themselves. This is our 'absurd' task, like Sisyphus forever rolling his rock up a hill, as the inevitability of death constantly overshadows us. Written during the bleakest days of the Second World War, The Myth of Sisyphus argues for an acceptance of reality that encompasses revolt, passion and, above all, liberty. This volume contains several other essays, including lyrical evocations of the sunlit cities of Algiers and Oran, the settings of his great novels The Outsider and The Plague. Albert Camus is the author of a number of best-selling and highly influential works, all of which are published by Penguin. They include The Fall, The Outsider and The First Man. He is remembered as one of the few writers to have shaped the intellectual climate of post-war France, but beyond that, his fame has been international. Translated by Justin O'Brien With an Introduction by James Wood

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

The Giant Dinosaurs

This riveting narrative explores the lives of six remarkable female pharaohs, from Hatshepsut to Cleopatra--women who ruled with real power--and shines a piercing light on our own perceptions of women in power today. Female rulers are a rare phenomenon--but thousands of years ago in ancient Egypt, women reigned supreme. Regularly, repeatedly, and with impunity, queens like Hatshepsut, Nefertiti, and Cleopatra controlled the totalitarian state as power-brokers and rulers. But throughout human history, women in positions of power were more often used as political pawns in a male-dominated society. What was so special about ancient Egypt that provided women this kind of access to the highest political office? What was it about these women that allowed them to transcend patriarchal obstacles? What did Egypt gain from its liberal reliance on female leadership, and could today's world learn from its example? Celebrated Egyptologist Kara Cooney delivers a fascinating tale of female power, exploring the reasons why it has seldom been allowed through the ages, and why we should care.

Giants on Record

An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the Rosicrucians, and other esoteric orders. In *Founding Fathers, Secret Societies* Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal--which appears on the back of the one-dollar bill--is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.

Subtle Angels

The crowning work of the best-selling *Earth Chronicles* series • Reveals the existence of physical evidence of alien presence on Earth in the distant past • Identifies and describes the demigods, such as Gilgamesh, descended from these visitors • Outlines the tests of this physical evidence of alien presence that could unlock the secrets of health, longevity, life, and death In whose genetic image were we made? From his first book *The 12th Planet* on, Zecharia Sitchin has asserted that the Bible's Elohim who said "Let us fashion The Adam in our image and after our likeness" were the gods of Sumer and Babylon--the Anunnaki who had come to Earth from their planet Nibiru. The Adam, he wrote, was genetically engineered by adding Anunnaki genes to those of an existing hominid, some 300,000 years ago. Then, according to the Bible, intermarriage took place: "There were giants upon the Earth" who took Adam's female offspring as wives, giving birth to "heroes of renown." With meticulous detail, Sitchin shows that these were the demigods of Sumerian and Babylonian lore, such as the famed Mesopotamian king Gilgamesh as well as the hero of the Deluge, the Babylonian Utnapishtim. Are we then, all of us, descendants of demigods? In this crowning oeuvre, Zecharia Sitchin proceeds step-by-step through a mass of ancient writings and artifacts, leading the reader to the stunning Royal Tombs of Ur. He reveals a DNA source that could prove the biblical and Sumerian tales true, providing conclusive physical evidence for past alien presence on Earth and an unprecedented scientific opportunity to track down the "Missing Link" in humankind's evolution, unlocking the secrets of longevity and even the ultimate mystery of life and death.

Free Copy The Ancient Giants Who Ruled America The Missing Skeletons And The Great Smithsonian Cover Up

Politics

This is a compilation of historical accounts that contradict everything we have been taught about ancient America. The accounts are substantiated by the testimony of the Native Americans who lived in the Great Lakes and Ohio Valley regions of North America. American Indians speak of a people who were skilled in arts and engaged in trade whose remains could be found in the burial mounds. These legends are validated by the hundreds of miles of canals extending into the Mississippi River and the extensive copper and lead mines. Early settlers in the Ohio Valley described ancient cities with well-defined evidence of streets laid out at regular intervals and intersected at right angles with other streets. Stone macadamized roads were also evidence of an industrious people engaged in commerce. New information from the British Isles places the Celtic peoples on the Island earlier than previously believed. The Celtic pagan religion is superimposed on ancient sites in the Ohio Valley with indistinguishable characteristics. Ancient ceremonial sites in the Ohio Valley are re-examined under the looking glass of the Celtic Gods and Goddesses. The ancient mound builders practiced a cult of the dead and buried their deceased in burial mounds to act as portals to connect the living with the dead. These portals remain open today and are the gateways for much of the paranormal activity found in the Great Lakes region. While not the focus of the stories presented, many of the skeletons discovered at the ancient sites were of gigantic size. The connection to the paranormal is elaborated in the Book of Enoch, "And now the Giants, who have been begotten from body and flesh, will be called evil spirits on earth, and their dwelling-places will be upon the earth." New documentation is presented that solves the mystery of who were the Hopewell Mound Builders. The Dakota Sioux legends place them in the Ohio Valley at the time when the great geometric earthworks were being constructed. They were called "The Snake People" by the Algonquins. Identical serpent effigies are found in the historic Dakota lands that overlap the Hopewell interaction sphere. Other Indians tribes concur in their legends that this was true along with age-old place names that corroborate the Dakota Sioux as the builders of the effigy mounds in Minnesota, Wisconsin, Iowa, Ohio and Indiana.

The Neverending Story

Giants come in different forms and are no respecter of persons. Giants can be experienced in our marriages, careers, the Church, and, in fact, in all facets of life. The good news is that they can be defeated because giants have been defeated before. This book aims to combine many biblical experiences of giants with biblical quotations on how to defeat your personal giants. It provides ammunition for you spiritually to identify and to fight and overcome any giants that may come your way in life. I hope and pray that a copy of this book in your possession will put you in a better position to challenge and defeat any giants you may be facing. Now is the time to claim your victory by faith.

Aliens in Ancient Egypt

Predicts that China will supplant the west as an economic superpower, and discusses China's anti-globalization stance and dubious capacity for maintaining world peace.

The Book of Giants

An introduction to the environment, physical characteristics, and habits of a variety of dinosaurs.

Marjorie's Vacation

An exploration of mythological and archaeological evidence for prehistoric giants • Examines the many

corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, and the biblical Nephilim • Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India • Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena, but archaeological discoveries of 10- and 12-foot skeletons--many of which have been suppressed--confirm the existence of a forgotten golden age of giants before recorded history. Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, the Hindu Daityas, the biblical Nephilim, the Celtic Formorach, the Sumerian Anunnaki, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States, corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, Sir Francis Drake, and Desoto of their encounters with giants on the North American continent. Revealing how giants represent the true earthborn race, Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms.
