This book argues that it is time to rethink reception as a traditional paradigm for understanding the relation between the ancient Greco-Roman traditions and early Judaism and Christianity. The concept of reception implies taking something from one fixed box into another, often chronologically later one, but actually Jews and Christians were deeply involved in Greco-Roman society in many different ways. The communication of cultural and religious ideas and practices took place among various religious and cultural communities with many overlaps. Accordingly, the contributors of this volume intend to develop a more multi-faceted view of such processes and to go beyond the term reception.

Should Christians prepare for the worst? Isn't that one of the big questions we all face? If we have our faith in God, shouldn't we trust Him to take care of us? Where is the line between faith and prudence anyway? Just what does God expect of us? Does the Bible actually talk about any of this? Yes, it does! God knows the dangers that we face and He knows what we should do about it. He is not blind to our needs. We can see the balance between doing our part and trusting in Him in His Word. It doesn't have to be one or the other; it can, and should, be both. God has a plan for our lives and He will get us through, but we have to do it in faith. That doesn't just mean trusting Him to take care of us, but also doing what He tells us to do. The great "Hall of Faith" in Hebrews 11 is filled with people who trusted God, doing what He said to do. It falls to you and me to walk in the footsteps of those giants of the faith and do what God tells us to. Find out what God says about all this, in this powerful insightful book. You'll see Biblical examples, along with practical faith, which can show you what you need to do, so that you can ensure that your family will be taken care of when everything else goes wrong. This Book discusses the following: The Case for Christian Preparedness Why Christians Should Prepare What Does the Bible Say About Prepping? Stockpiling, the Beginning of All Prepping Practical Skills to Help You Survive Faith, Our Most Important Prep

Are You Noticing the Signs of the Times? In the Bible, Jesus spoke about the signs that would make it clear His return is near. What are those signs? And are they evident today? As a Jewish native Israeli who is a Christian, Amir Tsarfati has a distinct perspective that weaves biblical history, current events, and Bible prophecy together to shine light on the mysteries about the end times. From his vantage point in the Middle East and through careful Bible study, Amir points to evidence that informs us the return of the Lord is imminent. In *The Day Approaching*, you will learn... God's plans for the world, Israel, the church, and you that the signs of Christ's return are visible all around us about the smoke screen of deception that will lure people away from truth how even now God is revealing Himself to people and changing their hearts of the wonders that await us in Jesus' future millennial kingdom As you seek hope and clarity about earth's final days, let the Bible alone be the resource you turn to for answers.

This isn't a feel-good churchy pie-in-the-sky treatment of this subject. It's a needed expose of what the Bible actually teaches about these sometimes controversial topics. It also focuses on the Bible beliefs and faith of the Founding Fathers of the United States, and the original meaning of the Constitution and Bill of Rights. In the process, it brings greater clarity to these much debated topics. You won't be subjected to gory details in this book, but you will be exposed to the difficult choices which surround firearm defense. Importantly, you'll be given the biblical tools needed for making hard, life and death moral choices. You've probably never heard a pastor or church leader teach on this topic. Yet it is critically important for us to understand what the Bible actually has to say about these timely issues. Subjects such as our God-given Right of self-defense, firearm ownership, concealed carry, castle doctrines, the use of deadly force, and shoot-to-kill or shoot-to-wound, are all pivotal issues for us today. Many are shocked to learn that these topics are addressed in the Bible. This book explains the Bible

viewpoint, and what Jesus taught on these subjects which today are taboo in most churches. Bible passages are cited throughout, and hundreds more are included in footnotes, keeping the focus on the Bible not personal opinion. The author, SIG SWANSTROM, is a former police detective and SWAT team operator who worked in the Los Angeles area. During his years of service, he personally had many deadly force encounters with armed criminals, so his writing is real world. And today, as the owner of a highly acclaimed firearms training academy in Texas, SIG has also learned how to capture the interest of his audiences as he teaches practical skills in the unique context of biblical truth."

In these challenging times, the resident population served by the predominantly African-American church demands and deserves specific attention in order to preserve the uniquely cohesive nature of the African-American community. While this work is specifically focused on one local church community, there is a shared hope among church members, clergy, civic and lay professionals, and the Samuel DeWitt Proctor School of Theology that this project will serve as a model for success beyond its local audience. This work was conceived to help mitigate growing environmental and social concerns beyond traditional emergencies--such as floods, hurricanes, tornadoes, severe weather, and power outages--imposed upon communities already strained by economic and social inequities. This book is designed to provide guidance on crisis and emergency preparedness by offering an example of how a church or similar institution may undertake the task of setting up an appropriate emergency planning structure for its congregation and community.

How does prepping mesh with the Christian faith? Is prepping actually a sign of a lack of faith in God? The Faithful Prepper seeks to not only answer such questions, but also takes a look at a number of other post-disaster scenarios and some of the things a Christian will have to think about in each of them. Such scenarios include: •How do you incorporate charity into post-disaster life without compromising your family's safety? •How do you live with others in confined circumstances in a very dangerous environment? •What is the role of the church post-disaster, if any? •Who do you let stay at your retreat post-disaster, and who do you turn away? •How do you live a prepared lifestyle, yet not one dominated by fear? •When bad stuff happens post-disaster, how do you cope? •How do you care for those who have special needs post-disaster? •And much more...
