“ Magnificent. ” (Anthony Doerr, author of All the Light We Cannot See) From Annie Proulx, the Pulitzer Prize- and National Book Award-winning author of The Shipping News and “ Brokeback Mountain ” comes her masterwork: an epic, dazzling,

violent, marvelously dramatic novel about the destruction of the world ' s forests. In the late seventeenth century, two penniless young Frenchmen, Ren é Sel and Charles Duquet, arrive in Canada, then known as New France. Bound to a feudal lord, a seigneur, for three years in exchange for land, they become woodcutters—barkskins. Sel suffers extraordinary hardship, oppressed by the forest he is charged with clearing. He is forced to marry a Mi ' kmaw woman, and their descendants live trapped between two hostile cultures. Duquet, crafty and ruthless, runs away from the seigneur, becomes a fur trader, then sets up a timber business. Proulx tells the stories of the descendants of Sel and Duquet over three hundred years—their travels across North America, to Europe, China and New Zealand under stunningly brutal conditions—the revenge of rivals, accidents, pestilence and cultural annihilation. Again and again, they seize what they can of a presumed infinite resource, leaving the modern-day characters face-to-face with possible ecological collapse. Proulx ' s inimitable genius is her creation of characters who are so vivid—in their greed, lust, vengefulness or their compassion and hope—that we follow them with fierce attention. Annie Proulx is one of the most formidable and compelling American writers, and Barkskins is her greatest novel, a superb marriage of history and imagination.

REVIEWS "Recipe for a Perfect Wife masterfully bridges the lives of two women, living sixty years apart, who refuse to fall victim to the patriarchy. While Karma Brown's signature style remains, it's laced with something sinister and dark. A brilliant, brooding, timely novel, fraught with tension, that packs a punch. Brown knows how to keep readers riveted until the very last page." – Mary Kubica, New York Times bestselling author of *The Good Girl* "Recipe for a Perfect Wife is a bold, intoxicating, page-turner. The Good Husband Guide

Free Reading The Good Wife Guide 19 Rules For Keeping A Happy Husband

The art of being a good wife is not an easy one. This little guide was written for the middle classes of the 1930s who were reading one of the first modern self-help books. Illustrated with contemporary line-drawings, it contains advice by turns delightfully arcane and timelessly true, for example: It is a wife's duty to look her best. If you don't tidy yourself up, when you have done the bulk of the day's work, don't be surprised if your husband begins to compare you unfavourably with the typist at the office. Don't forget that a wife can always set the standard of behaviour for the home. If she allows laxities of dress or conversation at the table she will soon find that they become a fixed procedure. Don't forget that very true remark that while face powder may catch a man, baking powder is the stuff to hold him. Don't criticise the food at your own table when you are entertaining and especially refrain from doing so before the servants. After all is said and done, husbands are not terribly difficult to manage.

The Masterful Mr. Montague

In the closing years of the fourteenth century, an anonymous

French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. The book was designed to teach this young wife the moral attributes, duties, and conduct befitting a woman of her station in society, in the almost certain event of her widowhood and subsequent remarriage. The work also provides a rich assembly of practical materials for the wife's use and for her household, including treatises on gardening and shopping, tips on choosing servants, directions on the medical care of horses and the training of hawks, plus menus for elaborate feasts, and more than 380 recipes. The Good Wife's Guide is the first complete modern English translation of this important medieval text also known as *Le M é nagier de Paris* (the Parisian household book), a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages. The Good Wife's Guide, expertly rendered into modern English by Gina L. Greco and Christine M. Rose, is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual. This edition presents the book in its entirety, as it must have existed for its earliest readers. The Guide is now a treasure for the classroom, appealing to anyone studying medieval literature or history or considering the complex lives of medieval women. It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts. The work illustrates how a (perhaps fictional) Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation.

The Fireside Grown-Up Guide to the Husband

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast.

They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, *The Road* is a true modern classic, a masterful, moving and increasingly prescient novel.

Positioning Yourself to Be a Wife

More than 10 years after Parenting Your Adult Child was published, much has changed - including young adults themselves, as well as their parents. Economic upheavals, challenges to traditional values and beliefs, the phenomenon of over-involved "helicopter parenting" - all make relating to grown children more difficult than ever. Yet at the same time, being a parent of an adult child can bring great rewards. This revised and updated version of Dr. Gary Chapman's and Dr. Ross Campbell's message will help today's parents explore how to really love their adult child in today's changing world. The book includes brief sidebars from parents of adult children and adult children themselves with their own stories. An online study guide will also be available.

The Road

There's no question as to the importance of a man keeping his wife happy (AKA the "happy wife = happy life" (theory), but let's not forget that in marriage, it takes two to tango. We are only one half of the equation, and the person we married is the other half: our

husbands. And in order to have a happy marriage, both sides of the equation need to be balanced. Oddly enough, in many cases of broken marriages, wives reported to have been taken completely by surprise. They never even suspected their husband to be unhappy until the day he asked for a divorce. It's important that you try to stay in tune with your husband's emotional wellbeing so as to avoid such a scenario. Taking care of our marriage is not merely about keeping our husbands happy, but it's also about keeping our family intact. When marriages are broken, children are also affected. This is yet another reason to keep your husband's happiness on your radar, and make sure you treat him as a priority. Of course being a good wife requires a lot of effort, especially the type of effort you must exert, for example, to hold your tongue or to change your way of thinking. But once you persevere and you begin to feel the positive changes take place in your marriage, chances are you will feel even more invigorated and energized than you've ever felt before. This book is for all the strong women out there who are willing to take the necessary steps for the betterment of their marriage and family, knowing that it may not always be easy. If you apply the principles divulged in this book, I guarantee that you will love being married again, and that your husband will feel like a very lucky man. Let's get started!

[Prologue] "I urge you to bewitch and bewitch again your future husband, and protect him from holes in the roof and smoky fires, and do not quarrel with him, but be sweet, pleasant and peaceful with him. Make certain that in winter he has a good fire without smoke and let him slumber, warmly wrapped, cozy between your breasts, and in this way bewitch him. In summer take care that there are no fleas in your bedroom or bed." "If just once you displease him you will have a

Although he may not show it or mention it, your misdeed cannot soon be smoothed over and erased. Should a second act of disobedience occur, watch out for his vengeance " "Gardeners say that rosemary seeds do not ever grow in French soil, but if you pluck little branches from a rosemary plant, strip them from the top downwards, take them by the ends and plant them, they will grow. If you want to send them far away, you must wrap the branches in waxed cloth, sew them up and then smear the outside with honey; then powder with wheat flour and you may send them wherever you wish." "But as soon as you arrive home, be diligent that you yourself or your men ahead of you, feed the dogs well, then give them fresh clean water in a basin to drink. Next have them put to bed on nice straw in a warm place, in front of the fire if they are wet or muddy, and let them always be held subject to the whip. If you act this way, they will not pester people at the table or sideboard and they will not get into the beds." "Since you must send Master Jehan to the butcher's shop, a list follows of the names of all the butchers' shops in Paris and the meats that they supply: At the Porte-de-Paris there are nineteen butchers who by common estimate sell weekly, if you average the busy season with the slow season: 1,900 sheep, 400 beefcattle, 400 pigs and 200 calves." —from *The Good Wife's Guide* In the closing years of the fourteenth century, an anonymous French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. Quest for the Perfect Wife

The art of being a good husband is not an easy one. This little guide was written for the middle classes of the 1930s who were reading one of the first modern self-help books. Illustrated with contemporary line-drawings, it contains advice by turns delightfully arcane and timelessly true, for example: Don't squeeze the tube of toothpaste from the top instead of from the bottom. This is one of the small things of life that always irritates a careful wife. Don't think that your wife has placed waste-paper baskets in the rooms as ornaments. Enid Blyton's books are beloved the world over and The Famous Five have been the perennial favourite of her fans. Now, in this new series of Enid Blyton for Grown-Ups, George, Dick, Anne, Julian and Timmy confront a new challenge: is it possible to get a good gluten-free cream tea? Julian, Anne, Dick, George and Timmy are all feeling really rather rum, and it's been going on for days. Nothing seems to work, and with their doctors mystified, they're driven to trying out various expedients to cure themselves. Julian goes online to self-diagnose that he's got pancreatic cancer, bird flu and Creutzfeldt-Jakob Disease. Anne decides that the old methods are the best and decides to have herself exorcised - which proves to be an awful lot of bother for everyone, and such a mess. Dick goes to a witch-doctor who calls himself a 'homeopath' ('sounds only one short of sociopath, Dick!') but it's George who discovers they need to go on an exclusion diet, so they enter a world of hard-to-find, maddeningly expensive specialist foods . . . Just perfect for anyone who likes Deliciously Ella, Amelia Freer and the Naturalista - as well as any reluctant partners who are begrudgingly spiralling courgettes for dinner.
