She's desperate to sate her hunger. They're determined to possess her. Is she willing to give up her freedom for a taste of passion?
Amara was content to live as a lone wolf, the only one of her kind-or so she'd thought. Her world was flipped on its head when a strange man with a familiar scent showed up at her work, demanding a private meeting. Desperate to find the mate Luc had scented from four hundred miles away, he was shocked to find her living as a lone wolf. Amaroki women were to be cherished and protected. What had happened to her family? More importantly, how was he going to convince her to return to the reservation with him? And how would his possessive brothers react when they found him with Amara? Amara couldn't deny her attraction to the wolf-shifter named Luc, but she wasn't about to give up her career to mate with him and his three brothers, no matter how hot and bothered he made her. When his brothers arrived-tall, tanned, and virile-she could no longer deny her savage hunger for these shifters. But how could she satisfy her desire and still maintain her independence with four overbearing wolves around? And how would she bond and adapt to their lifestyle when she couldn't shake her dark memories? More importantly, how would her mates react when they learned of her past? Warrior Shawn McMannus only knows the fighting life. Whether it's on the battlefield in Ireland of the past or in the ring as part of an underground fight club in present-day New Hampshire, he delivers a pounding to his opponents. Until his brother persuades him to try another way in the werewolf-friendly woods of Vermont. The pull of the pack is strong even if becoming a werewolf hadn't been Shawn's choice. Leaving the only lass to ever have cared for him, however, was his choice. Sculptor Jessica Fairheart can't understand why Shawn left. She'd saved his life after a horrible accident, helped him recover from the loss of his leg, and loved him more than she'd ever loved anyone else. None of that had stopped him from walking out on her though. He probably would have ended up leaving anyway if he had found out what she was. Better to live without love and keep her secrets. When Shawn's brother contacts Jessica, she can't resist going to Vermont to see Shawn. Maybe she can't deny her feelings. Maybe she just wants answers. Maybe she wants another chance, but does Shawn? Only an angel can tame this wolf fighter if he wants to be tamed at all.

In the Company of Wolves

This ends here. It ends with us. After seeing the horrors Strand inflicted in the name of research, I thought they couldn't surprise me anymore. I was wrong. When we learn the truth behind Doctor Shepherd's experiments, it changes everything. Armed with that knowledge, we may finally have a way to end the Shifter Initiative once and for all. But even as we dig up Strand's secrets and prepare for our final confrontation with them, I'm keeping a secret of my own. From my pack, and even worse from my mates. When they find out what I've been hiding, will I lose everything I've been fighting for? *Wolf Claimed* is the thrilling conclusion to *The Last Shifter* series, a reverse harem story intended for ages 18+. An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating

the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body. Last Wolf Watching

I wish this was our happily ever after. But it's not. My mates and I got what we wanted--we found Rhys's sister. We should be celebrating, but the danger is far from over. Our welcome into the Lost Pack was frosty at best, and tensions between old and new blood threaten to boil over. Crammed too close together, trapped by our fear, we're hardly better off here than we were at Strand. If my men and I can't unite the two packs, they'll tear each other apart before Doctor Shepherd and his hunters even have a chance to find us again. I won't let that happen. My wolf has claimed each of these four men. And the deeper I fall in love with them, the more determined I am to create a real future for us. But to do that, I'm going to have to fully accept the truth of who I am and what I am. *Wolf Claimed* is the third book in *The Last Shifter* series, a reverse harem story intended for ages 18+. This book contains strong language, violence, sexual situations, and a fierce heroine who doesn't have to choose between her men.

Wolf Hunted

Book three of *Bloodrunners*. There was nothing simple about what Brody Carter had to do. With any other woman, it would be. But not with Michaela Doucet. He barely knew the provocative Cajun, but already her beautiful face haunted his dreams. True, women like Michaela never took an interest in guys like him--ones who were scared and bitter enough not to care what the world thought about them. But that had no bearing now that he had to protect Michaela from the Lycans who wanted her dead. Even if this decision would change his entire life. Even if it was pure madness. Brody had no other choice. He never had. *A Wolf Shifter Romance*. Previously published.

Before long they're on the run--from the monsters who want him dead, from their own traitorous hearts, and from an attraction that threatens to destroy them.

Wolf Angel

There was one in each generation. Destined to leave their home, their coven, their way of life. To fulfill the age-old treaty with the demons. A Sacrifice. We spoke of their fates in hushed whispers around open fires like ghost stories, conjuring tales, each more horrifying than the last. I never thought I would become her. The Sacrifice. Ripped from everything I had known, thrown into a dark and uncertain world, my life in the hands of its purest evil. Nothing could have prepared me for the truth. Or the growing warmth I felt toward one of my captors. But the questions remained: What did they want from me? What would happen to me once they took it? What price was I willing to pay? And what would I be willing to sacrifice to hold onto a love I never saw coming?

Duncan just never expects to become a monster. But after a brutal werewolf attack, Duncan begins to change—and soon he will be one of the very beasts that he has hunted. Dr. Holly Young is supposed to help Duncan during his transition. It's her job to keep him sane so that Duncan can continue working with the FBI's Para Unit. But as Duncan's beast grows stronger, the passion that she and Duncan have held carefully in check pushes to the surface. The desire that is raging between them could be a very dangerous thing—because Holly isn't exactly human, not any longer. As the monsters circle in, determined to take out all of the agents working at the Para Unit, Holly and Duncan will have to use their own supernatural strengths in order to survive. But as they give up more of their humanity and embrace the beasts within them both, they realize that the passion between them isn't safe, it isn't controllable, and their dark need may just be an obsession that could destroy them both.

Wolf Claimed

Prince Owin Being a fierce predator--not at all adorable, despite my graceful stature--the last thing I needed was a bodyguard. Especially a wolf shifter, whose presence alone was an insult to my princely principles. As Prince of the Ocelot Shifters, I prided myself on my infallible feline instincts, uncompromisable dignity, and flawless fashion sense. If having a canine follow me around at all times wasn't bad enough, I now faced the most important moment of my entire

life. The time had come to prove I was worthy of my crown. If only I could find a way to get rid of the pesky bodyguard. Grimmwolf When the King of All Shifters asked me to guard Prince Owin, I admit I had no idea what to expect. Cat shifters tend to be a little intense, not to mention kinda cranky. Owin was no exception, though he seemed crankier than most. Being his bodyguard was proving to be one of the greatest challenges of my life--but not nearly as great as convincing him there was something special between us. When Owin is faced with a perilous quest to prove his worth, I was determined to keep him safe, even if the same couldn't be said of my heart.
