After Ever Happy

Maddie Temple finds her life spiraling out of control as the mental link she shares with her twin sister pushes her closer and closer toward madness and her only hope for redemption lies with a psychiatrist who could end her career.

Canyons of Night

Capitalizing on forty years of intensive ecological studies, this anthology presents a collection of widely dispersed major publications on theoretical and practical Mediterranean, global environmental and landscape issues. Each chapter features a comprehensive study of ecological and landscape issues, synthesized in the introduction, and woven with autobiographical experiences. The concluding chapter calls for a transdisciplinary shift in all environmental scientific fields and particularly in landscape and restoration ecology, to cope with the complex, closely interwoven ecological, socio-economical, political and cultural crises facing human society during the present crucial transition from the industrial to the post-industrial, global information age. Updating and broadening the scope of the groundbreaking Springer book on Landscape Theory and Applications by the author and Lieberman (1994), this is a unique transdisciplinary attempt based on advanced systems complexity theories, which link the natural and human sciences.

All Night Long

Reporter Sierra McIntyre's stories on Crystal City's ghost hunters - and their mysterious guild - have earned her tabloid a bit of respect. It helps that she has her incredible intuition to fall back on. Especially when she interviews Ghost Hunter Guild Boss John Fontana about the disappearances of retired, homeless hunters. Sierra doesn't want to trust the physically and psychically powerful man, but her senses - and her pet, Elvis - give her the green light. To uncover the conspiracy within his own organisation, Fontana proposes . . . marriage. And though it's purely a business arrangement, there is nothing pure about the attraction that sizzles between them.

Truth Or Dare

Cadence City matchmaker and para-resonator Celinda Ingram meets her match in security specialist Davis Oakes. On the hunt for the powerful relic that Celinda supposedly bought as a toy for her pet dust bunny, Davis must use all of his unique psychic abilities to try and wrest the

ruby red object from the suspicious duo, keep his desire for Celinda in check-and keep them all safe from those who will do anything to possess the relic.
