Willy Whitefeather's Outdoor Survival Handbook for Kids

Be ready for any emergency, at any time. Could you survive in the wilderness on your own? From clothing recommendations to picking the best firestarter, expert survival instructor Leon Pantenburg shares his immense knowledge of bushcraft and survivalist skills so that anyone—backpackers, preppers, city dwellers, and more—can be ready for a possible emergency. In *Bushcraft Survival*, Pantenburg delivers practical tips and anecdotes that cater to readers who are looking to improve their outdoor skills and prepare for every potential disaster. Drawing from his personal experience as an avid outdoorsman and years as a journalist, Pantenburg lays out easy-to-follow steps to prep for both short and long-term survival situations. As natural disasters become increasingly present and people continue to rely on reality television shows for survival tips, developing bushcraft abilities is becoming more and more important. In this thorough handbook, Pantenburg covers a wide range of topics, including: Developing a survival mindset Crafting survival kits Choosing clothing best suited to survival Picking materials and objects to help you survive Building a variety of shelters Deciding what survival tools you should pack and which you should leave at home Effectively make a fire using different techniques Filled with time-tested techniques and first-hand experience, *Bushcraft Survival* is the ideal book for those who want to step up their hiking or camping game, as well as those who are searching for relevant advice on emergency preparedness.

The Ultimate Outdoor Survival Guide for Staying Alive and Surviving in the Wilderness

The beauty and tranquility of nature can be deceptively dangerous for the unprepared. A change in weather conditions, personal injury, or lost or damaged supplies can turn a scenic hike into a life-threatening ordeal. Those with the knowledge of survival stay calm, stay safe, and stay alive. *Outdoor Survival Guide* provides you with the essential survival information to help you overcome the most frequently encountered outdoor hazards. This guide offers practical, step-by-step instruction so you can implement the skills and techniques even under the most stressful circumstances. From extreme cold to the isolated wilderness, you'll have the tools to survive. In *Outdoor Survival Guide*, survival expert Randy Gerke shares the same techniques and strategies he has used with the U.S. military and other government agencies. You will learn these skills and more: Assess your situation and prioritize your needs. Use your surroundings for shelter and safety. Navigate through isolated wilderness. Survive in extreme heat or cold. Signal for help. How to find drinking water in the wild and make sure it's safe to drink. Identify edible vegetation to stave off hunger. Assemble your own custom survival kit. Preparation is the key to survival, and *Outdoor Survival Guide* will ensure that you are prepared. Before you venture afield, read this guide, and then stow it in your backpack, in your glove compartment, or with your outdoor supplies. It might save your life. The Outdoor Survival Book: A Bushcraft 101 Field Guide and Handbook for Surviving in the Wilderness - is a survival guide to prepare yourself to be your very best, even if you experience the very worst, which is to be lost in the wilderness with no other resources to rely on except for what you may have in your pockets or backpack. Aside from "always being prepared", this tactical guide also tutors you in how to overcome the panic and anxiety that affects most people when they discover they are lost, and how to tell yourself "I got this!" even when your situation seems hopeless. Expert survivalist Mark Drake covers the basics of surviving in the wild including how to prepare a minimal survivalist backpack for a day trip (just in case you lose your way) to preparing a more elaborate, complete pack if you know you are going hiking or camping in area without marked trails or where you cannot access satellite signals, electricity or cell phone coverage. The basics of survival are covered in a "To Do or Die" list including building a shelter, building a fire, finding and purifying water, searching for food, sending signals for help, retracing your steps, watching the weather, navigating by the stars and practicing emotional self-rescue techniques. This factual, resourceful guide is a must-have resource for any hiker that is thinking of venturing out into the wild, but also emergency workers, military personnel, campers, hunters, scouts and survivalists it emphasizes crafting something from nothing by utilizing the wealth of resources offered by your natural surroundings and also your most valuable resource - your mind!
