Richard of England; or, the Lion King. [A novel.]

Set in the African bush: a tracker seeks one lion, thanks to lessons that can teach us all how to live--Provided by publisher.

The Place of Lewis Carroll in Children's Literature

"An important novel, rich in compassion for its anguished characters." -The New York Times Book Review This memorable, heartbreaking story opens in Addis Ababa, Ethiopia, 1974, on the eve of a revolution. Yonas kneels in his mother's prayer room, pleading to his god for an end to the violence that has wracked his family and country. His father, Hailu, a prominent doctor, has been ordered to report to jail after helping a victim of state-sanctioned torture to die. And Dawit, Hailu's youngest son, has joined an underground resistance movement—a choice that will lead to more upheaval and bloodshed across a ravaged Ethiopia. Beneath the Lion's Gaze tells a gripping story of family, of the bonds of love and friendship set in a time and place that has rarely been explored in fiction. It is a story about the lengths human beings will go in pursuit of freedom and the human price of a national revolution. Emotionally gripping, poetic, and indelibly tragic,

Beneath The Lion's Gaze is a transcendent and powerful debut.

Virgilia; or, Out of the Lion's Mouth

With an introduction by Anne Enright Before the real city could be seen it had to be imagined, the way rumours and tall tales were a kind of charting. It is the 1920s, and Patrick Lewis has arrived in the bustling city of Toronto, leaving behind his Canadian wilderness home. Immersed in the lives of the people who surround him - the immigrants building the city, as well as those who dreamed it into being - Patrick begins to learn, from their stories, the history of the city itself. And he has his own adventures: searching for a missing millionaire, tunnelling beneath Lake Ontario, falling in love. In the Skin of a Lion is Michael Ondaatje's sparkling predecessor to his Booker Prize-winning *The English Patient*. Here we encounter Hana the orphaned girl and Caravaggio the thief for the first time, as well as a large cast of other characters, all lovingly and intimately portrayed. Exquisite and musical, *In the Skin of a Lion* is a novel that challenges the boundary between history and myth. It is a stunning modern classic.

The Lion Tracker's Guide to Life

The Lion Awakes

The touching, magical story of a boy in a war-torn country and the stone lion that rescues him. Renato loves his home in Florence, Italy. He loves playing with his friends in the Piazza della Signoria. He loves walking home by the beautiful buildings and fountains with his father in the evenings. And he especially loves the stone lion who seems to smile at him from a pedestal in the piazza. The lion makes him feel safe. But one day his father tells him that their family must leave. Their country is at war, and they will be safer in America. Renato can only think of his lion. Who will keep him safe? With luminous watercolor paintings, Barbara DiLorenzo captures the beauty of Florence in this heartwarming and ultimately magical picture book.

THE HABITAT Nairobi National Park lies to the south-southeast of the capital of Kenya, Nairobi, where the Athi Plains meet the Eastern escarpment of the Rift Valley. These plains form part of the semi-arid highland plateau lying between the coast and the Rift Valley. Both the city itself, and the Park bordering it, are a meeting place of two generally distinct types of landscape and climate. While to the east-southeast are semi-arid plains with grasslands and scattered trees, the western-north western parts are higher, hilly, cooler, more humid and support lush forests. The combination of latitude-a

How To Download eBook The Place Of The Lion

little over one degree south of the Equator -and altitude-average of 1600 m. (5000-5500 ft.) -combine to give Nairobi a most equable climate where the temperature varies during the year between about 11 degrees and 27 degrees centigrade (mean minimum and mean maximum for eight years). However, considerable changes are usually experienced within each day and a rise from 14 degrees C at 0600 hours to 22 degrees at 1100 hours is not unusual. Nairobi Park has a unique concentration of wild animals living in their natural habitat less than 10 km. from the centre of a modern city of half a million people. The only interference with the natural course of events in the Park is that normally required for the proper management of a game park, such as maintenance of roads and dams, and, in this particular case, partial fencing towards the city.

In the Land of the Lion and Sun, Or Modern Persia

In this volume, Jan Susina examines the importance of Lewis Carroll and his popular Alice books to the field of children's literature. From a study of Carroll's juvenilia to contemporary multimedia adaptations of Wonderland, Susina shows how the Alice books fit into the tradition of literary fairy tales and continue to influence children's writers. In addition to

How To Download eBook The Place Of The Lion

examining Carroll's books for children, these essays also explore his photographs of children, his letters to children, his ill-fated attempt to write for a dual audience of children and adults, and his lasting contributions to publishing. The book addresses the important, but overlooked facet of Carroll's career as an astute entrepreneur who carefully developed an extensive Alice industry of books and non-book items based on the success of Wonderland, while rigorously defending his reputation as the originator of his distinctive style of children's stories.

The Place of the Story in Early Education

Was there a meaningful stellar sign over Bethlehem? What did it look like to someone looking up at the night sky? Was the star a visual guide or a simply sign? Did wise men really come from the East seeking Israel's Messiah sometime after the birth of Jesus? The biblical account of the wise men and the star that announced the coming of the Messiah of Israel has inspired and puzzled people for two millennia. Important aspects of Babylonian astronomy seem to be involved in understanding the star's appearing. But in addition, *The Lion Led the Way* also explores the men and events from a profoundly Jewish perspective. The traditional Jewish names of stars and planets, Jewish symbols, as well as

How To Download eBook The Place Of The Lion

Jewish dates, all seem to be keys to unlocking the mystery of the famous star. The star of Bethlehem was not the brightest of the heavenly lights, nor was it the most spectacular starry manifestation of all time. However, it was part of the most meaningful set of celestial events in human history. The God of Israel is surprising. His ways are not our ways; his thoughts are not our thoughts. The star gives us a concrete example of God's intervention in the universe. Who were the biblical Magi? Various wise men were important in the history of the vast region to the east of Judaea. Zoroastrian, Babylonian, Greek and even Jewish wise men all played a role there in several successive empires. A possible Jewish connection with the story of the biblical wise men has been long neglected. The Magi who arrived in Bethlehem seem to have been influenced by Judaism. They apparently understood at least part of the meaning of Daniel's sixth-century BC prophecy concerning the 70 "sevens." The prophecy has to do with time. The Babylonian astronomers were uniquely qualified to perceive the connection between time and the heavens. Based on their knowledge and the ancient biblical texts, they saw how the "sevens" were related to the birth of the Messiah. The Magi were seeking God's kingdom centered on the Messiah, the Righteous One. Jesus, who was born in Bethlehem, is still making himself known. His ways are as mysterious as ever, and his humility is

Space and Place in Children's Literature, 1789 to the Present

The Preacher's Complete Homiletical Commentary

Thought-provoking reflection on culture, colonialism, and the remainders of empire in Belgium after 1960. The degree to which the late colonial era affected Europe has been long underappreciated, and only recently have European countries started to acknowledge not having come to terms with decolonisation. In Belgium, the past two decades have witnessed a growing awareness of the controversial episodes in the country's colonial past. This volume examines the long-term effects and legacies of the colonial era on Belgium after 1960, the year the Congo gained its independence, and calls into question memories of the colonial past by focusing on the meaning and place of colonial monuments in public space. The book foregrounds the enduring presence of "empire" in everyday Belgian life in the form of permanent colonial markers in bronze and stone, lieux de mémoire of the country's history of overseas expansion. By means of photographs and explanations of major pro-colonial memorials, as well as several obscure ones, the book reveals the surprising degree to which Belgium became infused with a colonialist spirit during the colonial era. Another key component of the analysis is an account of the varied ways in which both Dutch- and French-speaking Belgians

How To Download eBook The Place Of The Lion

approached the colonial past after 1960, treating memorials variously as objects of veneration, with indifference, or as symbols to be attacked or torn down. The book provides a thought-provoking reflection on culture, colonialism, and the remainders of empire in Belgium after 1960.

Chambers's Encyclopædia

Secret Places of the Lion

Focusing on questions of space and locale in children's literature, this collection explores how metaphorical and physical space can create landscapes of power, knowledge, and identity in texts from the early nineteenth century to the present. The collection is comprised of four sections that take up the space between children and adults, the representation of 'real world' places, fantasy travel and locales, and the physical space of the children's book-as-object. In their essays, the contributors analyze works from a range of sources and traditions by authors such as Sylvia Plath, Maria Edgeworth, Gloria Anzaldúa, Jenny Robson, C.S. Lewis, Elizabeth Knox, and Claude Ponti. While maintaining a focus on how location and spatiality aid in defining the child's relationship to the world, the essays also address themes of borders,

How To Download eBook The Place Of The Lion

displacement, diaspora, exile, fantasy, gender, history, home-leaving and homecoming, hybridity, mapping, and metatextuality. With an epilogue by Philip Pullman in which he discusses his own relationship to image and locale, this collection is also a valuable resource for understanding the work of this celebrated author of children's literature.

Renato and the Lion

Even the King of the Jungle needs help sometimes, but who is brave enough to help such a powerful beast? Courage comes in all sizes in Aesop's classic fable, The Lion and the Mouse. Readers who are familiar with this timeless tale and those who are new to the story will love the simple, beautiful language of this retelling. Endearing illustrations enrich the narrative and draw in even reluctant readers. The unlikely friendship between a grouchy lion and a fearless mouse introduces readers to important concepts such as respecting differences and using one's weaknesses as strengths. With relatable characters and a poignant moral, this book is sure to become a favorite in any library.

The Lion in the Living Room

The Jewish Quarterly Review

How To Download eBook The Place Of The Lion

The Lion Led the Way

How does a very small girl hide a very large lion? It's not easy, but Iris has to do her best, because mums and dads can be funny about having a lion in the house. Luckily, there are lots of good places to hide a lion - behind the shower curtain, in your bed, and even up a tree. A funny, heart-warming story about a very special friendship.

The Lion and the Mouse

Beneath the Lion's Gaze: A Novel

Three little known facts: Africa is now the world's fastest growing continent, with average GDP growth of 5.5% the past 10 years.

How To Download eBook The Place Of The Lion

Malaria deaths have declined by 30% and HIV infections by 74%. Nigeria produces more movies than America does. The Lion Awakes is the true story of today's Africa, one often overshadowed by the dire headlines. Traveling from his ancestral home in Uganda, East Africa, to the booming economy and (if chaotic) new democracies of West Africa, and down to the "Silicon Savannahs" of Kenya and Rwanda, Ashish J. Thakkar shows us an Africa that few Westerners are aware exists. Far from being a place in need of our pity and aid, we see a continent undergoing a remarkable transformation and economic development. We meet a new generation of ambitious, tech savvy young Africans who are developing everything from bamboo bicycles to iPhone Apps; we meet artists, film makers and architects thriving with newfound freedom and opportunity, and we are introduced to hyper-educated members of the Diaspora who have returned to Africa after years abroad to open companies and take up positions in government. They all tell the same story: 21st Century Africa offers them more opportunity than the First World. Drawing from his business experience, and his own family's history in Africa, which include his parents' expulsion from Uganda by Idi Amin in the 70s and his own survival of the Rwandan genocide in 1994, Ashish shows us how much difference a decade can make.
