BBC One - Empire - Episode guide

Advertisements and editorial cartoons depicted the round, semi-solid dessert as an edible globe composed of well-travelled ingredients, all sourced by intrepid Englishmen in exotic, far-flung

The Taste of Empire: How Britain's Quest for Food Shaped

In twenty short and lively chapters, Lizzie Collingham's *The Taste of Empire: How Britain's Quest for Food Shaped the Modern World* puts food production, trade, and consumption at the center of a light but deftly constructed narrative that illuminates aspects of British imperial development. As the title of the book suggests, Collingham argues that the quest for food was a key driver of imperial expansion and thus provides an anchor for a process that is often characterized as haphazard.
