F*cking Tired Lockdown Mommy Is The Children's Book Parody

Diets that are low in protein can cause huge drops in our blood sugar levels, making us feel tired and lethargic. When this happens, we naturally reach for a high sugar or high carb food, putting us once more on the blood sugar and fatigue rollercoaster. Additionally, low protein intake can negatively affect thyroid function (see below).

As the week progresses, the Very Hungry (and very tired) Lockdown Mommy grows hungrier and hungrier as the stress escalates. Because, KIDS. Photo Credit: Marti W.M. (Facebook) I ' m willing to bet the lollies were kid leftovers, because that ' s the mainstay of most moms ' diets. And she ' s absolutely right: Homeschooling sux, she was tired.

Excerpt from The Very F*cking Tired Mummy by Martyna

Profane, warmhearted, and brutally honest, The Very F**cking Tired and Hungry Pandemic Mommy captures the familiar and all too often unspoken obstacles of stay at home parenting during the pandemic. In the process, the book hopes to open up a conversation about parenting, giving us permission to vent our frustrations and laugh together.
