Jessie's Story

Critically acclaimed memoirist Aaron Hartzler, author of *Rapture Practice*, takes an unflinching look at what happens to a small town when some of its residents commit a terrible crime. This honest, authentic debut novel—inspired by the events in the Steubenville rape case—will resonate with readers who've ever walked that razor-thin line between guilt and innocence that so often gets blurred, one hundred and forty characters at a time. The party at John Doone's last Saturday night is a bit of a blur. Kate Weston can piece together most of the details: Stacey Stallard handing her shots, Ben Cody taking her keys and getting her home early. . . . But when a picture of Stacey passed out over Deacon Mills's shoulder appears online the next morning, Kate suspects she doesn't have all the details. When Stacey levels charges against four of Kate's classmates, the whole town erupts into controversy. Facts that can't be ignored begin to surface, and every answer Kate finds leads back to the same questions: Who witnessed what happened to Stacey? And what responsibility do they have to speak up about what they saw? National Book Award finalist Deb Caletti calls *What We Saw* "a smart, sensitive, and gripping story about the courage it takes to do what's right."

Rowan is a second child in a world where population control measures make her an outlaw, marked for death. She can never go to school, make friends, or get the eye implants that will mark her as a true member of Eden. Indeed, her kaleidoscopic eyes may very well give her away to the ruthless Center government. Outside of Eden, Earth is poisoned and dead. All animals and most plants have been destroyed by a man-made catastrophe. Long ago, the brilliant scientist Aaron Al-Baz saved a pocket of civilization by designing the EcoPanopticon, a massive computer program that hijacked all global technology and put it to use preserving the last vestiges of mankind. Humans will wait for thousands of years in Eden until the EcoPan heals the world. As an illegal second child, Rowan has been hidden away in her family's compound for sixteen years. Now, desperate to see the world, she recklessly escapes for what she swears will be only one night of adventure. Though she finds an exotic world, and even a friend, the night leads to tragedy. Soon Rowan becomes a renegade on the run. The first novel from YouTube superstar Joey Graceffa, *Children of Eden* is a thrilling and completely absorbing new book from one of social media's brightest young storytellers.

How it Ends

From bestselling author Talia Hibbert comes a story of wicked royals, fake engagements, and the fed-up office worker trapped in the midst of it all... Cherry Neita is thirty, flirty, and done with men. As far as she can tell, they're overrated, overpaid, and underperforming – in every area of life. But a girl has needs, and the smoking-hot stranger she just met at the office seems like the perfect one-night stand... Prince Ruben of Helgmoere is reckless, dominant, and famously filthy. The outcast royal is rebuilding his reputation – all for a good cause – but he can't resist a pretty face. And bossy whirlwind Cherry's got the face, the body, and the attitude to make Ruben's convictions crumble. Even better, when she propositions him, she has no idea who he really is. But when paparazzi catch the pair, erm, kissing in an alleyway, Ruben's anonymity disappears faster than Cherry's knickers. Now the press is in uproar, the palace is outraged, and Ruben's reputation is back in the gutter. There's only one
