promotes water."

## **Bing: Water In Plain Sight Hope**

Water in Plain Sight is a great follow-up to Cows Save the Planet in that it answers questions that Cows raised and expands on the most important idea from that book--namely how plants create and maintain Earth's water cycle and how we need to use that to save life as we know it.

## **Water In Plain Sight Hope**

Paperback. \$ 17.95. In stock. Water in Plain Sight quantity. Add to basket. Water scarcity is on everyone's mind. Long taken for granted, water availability has become dependent on economics, politics, and people's food and lifestyle choices. But as anxiety mounts—and even as a swath of California farmland has been left fallow, and extremist groups worldwide exploit the desperation of people losing livelihoods to desertification—many are finding new routes to water security with key
